Re: Professional Planning Services  
Master Plan-Land Use Plan Element Amendment and Hazard Vulnerability Study  
Borough of Allendale, New Jersey  
BA# 3987.07

Dear Mayor Wilczynski,

We are pleased to submit this proposal in response to the Borough's request for professional planning services regarding the above captioned matter. This response is in a form which may serve as an Agreement, entered into by and between the Borough and Burgis Associates, Inc. (hereinafter called the Consultant), with respect to the Consultant's preparation of a Land Use Plan Element Amendment and Hazard Vulnerability Study of the Borough's Master Plan. The details of this proposal are preliminary and may be modified following discussion with the Borough.

This proposal identifies a two phase master plan program. The initial phase shall consist of the preparation of an amended Land Use Plan Element and its associated components. The second phase will provide the climate change-related Hazard Vulnerability Assessment Study which was made an obligatory requirement of the Municipal Land Use Law (M.L.U.L.) for all master plans in 2020. We have provided pricing for phases one and two herein.

## I SCOPE OF SERVICES – LAND USE PLAN

### A. Background Data Base

1. Existing Land Use Survey. The Planner will prepare a land use survey of the community. The survey will encompass a review of the current Borough tax assessment records with respect to the Use Classification the Borough imposes on each property. The Planner will analyze this data as to the amount of land use in specified land use categories (including but not limited to detached and

attached residential, retail/commercial, office, industrial, public, semi-public, and vacant sites), the development patterns in the community, compatibility between uses, the intensity of development, and the development potential of vacant land under present zoning. Approved but-not-yet-built developments shall also be identified in mapped and text/tabular form, going back for at least a two-year period.

The Planner shall incorporate into this component an assessment of portions of the community's central business district for the purpose of evaluating the evaluation the area's land use pattern, lot arrangements and building design, orientation, and configurations.

2. Environmental Features. Data concerning selected environmental features, including steep sloping lands, lands subject to flooding, lands designated as wetlands by the State, and soil conditions will be noted and identified in mapped form. Information from available natural resource inventories will be incorporated into the document and analyzed for the development of the land use plan.
3. Population and Other Socio-Economic Data. Demographic data from Borough's Master Plan Reexamination Report and Housing Element and Fair Share Plan shall be incorporated into the Plan, including data on such indices as population size, age characteristics, income, employment, housing, and related information. Related data and updated data from local, county and state sources will also be incorporated in the study, as available and as determined to be appropriate.
4. Relationship to County and State Plans and Adjoining Municipalities. As required by statute, the master plan Land Use Element will include a policy statement which indicates the relationship of the proposed development of the community as set forth in the master plan to the master plans of adjacent municipalities, the County master plan, and the State Development and Redevelopment Plan.
5. Electrical Charging Infrastructure. Pursuant to statutory changes implemented in 2017, a statement of strategy will be included pertaining to the potential installation locations of electric vehicle charging stations.

#### B. Preparation of Plan

1. Formulation of Goals and Objectives. A series of community goals and objectives will be prepared for consideration by the Planning Board. The selection of a preliminary set of objectives will serve as the basis for the ensuing planning proposals. The set of objectives will be formulated based on a review of existing local, county and State planning goals, and discussions with local officials and the public.
2. Land Use Plan Recommendations. A land use plan shall be prepared for presentation to the Planning Board. This plan will identify the proposed distribution of use and intensity-of-use for land in the community, and the prospective development potential of the community based upon the land use

recommendations. The Plan will include a determination of prospective change in population size at a full build-out scenario.

## II. SCOPE OF SERVICES - HAZARD VULNERABILITY ASSESSMENT

### A. Hazard Vulnerability Assessment

This study will identify a series of core topics, and prepare strategies, goals and objectives for each core topic. Consistent with the recent hazard vulnerability assessment set forth in the Municipal Land Use Law (MLUL), this vulnerability assessment includes:

1. An analysis of current and future threats to, and vulnerabilities of, the municipality associated with climate change-related natural hazards.
2. A build-out analysis of development and an assessment of the threats and vulnerabilities identified above.
3. An identification of critical facilities and infrastructure necessary for evacuation purposes and for sustaining quality of life during a natural disaster, to be maintained at all times in an operational state.
4. An analysis of the potential impact of natural hazards on relevant components and elements of the master plan.
5. Provide strategies and design standards that may be implemented to reduce or avoid risks associated with natural hazards.
6. Include specific policy statements on the consistency, coordination and integration of vulnerability assessment with existing and proposed applicable planning.
7. The municipality shall rely on NJDEP hazard projections and 'best available science', as provided by law.

This vulnerability assessment may be adjusted following discussions with the Borough and a determination of on-going local efforts that address some or all these items.

## III MEETINGS

The Consultant will be available to attend meetings with the Planning Board, its sub-committees, if any, the Governing Body and other governmental representatives in order to fulfill this Contract and keep the Borough informed of progress, receive local input, and participate in public meetings and hearings regarding this matter. Re: Tree Removal Along County Roads  
New 2024 Shared Services Agreement and Request Form

Dear Mayors, Administrators, Clerks and Municipal Engineers:

As many of you know, the County of Bergen is responsible for County Roads only from curb lines to curb lines. The County is not tasked with repairing sidewalks, maintaining curbs or removing dead or dying trees located along County Roads. Nevertheless, in an effort to assist Municipalities, the County has provided limited tree removal services for dead or dying trees located within public rights-of-way on County Roads.

The County intends to continue to furnish this limited service. In a recent prior communication, the County mailed proposed Shared Service Agreements to all Municipalities outlining a process that would allow towns to continue to obtain tree removal services. In an effort to update and streamline the process required to continue to participate in the tree removal program, as of January of 2024, the County will require that Municipalities seeking to secure limited County tree removal assistance enter into one revised Shared Services Agreement that will cover a period of five years. The Agreement defines County and Municipal responsibilities, necessitates indemnification of the County, conditions services on the provision of Certificates of Insurance and sets forth the steps to be followed to initiate tree removal requests.

Please note that this letter supersedes my prior letter to you on this subject dated August 28, 2023. The prior agreement was limited in scope in that a separate agreement was required each time a tree removal took place. This new procedure will allow you to pass a Resolution, sign the new Shared Services Agreement, and implement a process that will remain in effect for the next five years. The instructions below should be followed precisely so that this streamlined process can be implemented early in 2024.

Enclosed herewith are two documents: 1.) the **2024 Shared Service Agreement** and 2.) the separate **Request Form for Tree Removal Services**. Any Municipality wishing to participate in the tree removal program must sign and return the Shared Service Agreement together with a copy of a Municipal Resolution authorizing execution of the Agreement as well as a Certificate of Insurance that complies with the terms of the Agreement and names the County as an additional insured. The Agreement and accompanying documents should be returned to: **County of Bergen, Office of the County Counsel, One Bergen County Plaza, Room 580, Hackensack, NJ 07601**. Once received, the County will return a fully executed Agreement to the Municipality.

Only when a Municipality and the County have executed the enclosed Shared Service Agreement will the County be able to provide tree removal services in 2024 and beyond. A Municipality will be able to request tree removal services throughout the five-year term of the Shared Services Agreement by completing the enclosed Request Form for Tree Removal Services and forwarding the request, along with a current Certificate of Insurance, to the County at [treerequest@co.bergen.nj.us](mailto:treerequest@co.bergen.nj.us). Please note that a current Certificate of Insurance must accompany each Request for Tree Removal Services. Upon receipt of a Request Form and Certificate of Insurance, the Bergen County Department of Parks Forestry Office will investigate the situation and respond to the Municipality.

Again, while the County is not obligated to remove any trees, the County intends to continue to assist its communities and provide this service under the conditions outlined above.

Any questions regarding the 2024 Shared Services Agreement or Request Form/process can be directed to [treerequest@co.bergen.nj.us](mailto:treerequest@co.bergen.nj.us) or to the Bergen County Department of Parks Forestry Superintendent.

Very truly yours,

**BERGEN COUNTY COUNSEL  
ONE BERGEN COUNTY PLAZA

**THIS AGREEMENT** is made this \_\_\_\_ day of \_\_\_\_\_ 2024, by and between:

**COUNTY OF BERGEN**, a body politic of the State of New Jersey, with administrative offices at One Bergen County Plaza, Room 580, Hackensack, New Jersey 07601-7076, hereinafter referred to as the “COUNTY;” and

\_\_\_\_\_, a body politic of the State of New Jersey with administrative offices at \_\_\_\_\_, hereinafter referred to as the “MUNICIPALITY.”

**WITNESSETH:**

**WHEREAS**, while it is not the responsibility of the COUNTY to remove dead or dying trees within the municipalities of Bergen County, said removal being the responsibility of the individual municipality in which a tree is located, the COUNTY does assist local municipalities with the removal of dead or dying trees located within the public right of way along COUNTY roadways on a limited basis and only when the COUNTY determines that it is appropriate to provide such assistance and that the COUNTY has the resources to provide such assistance; and

**WHEREAS**, the COUNTY provides municipalities with tree removal assistance pursuant to Shared Service Agreements with municipalities when the COUNTY determines, in its sole and absolute discretion and pursuant to COUNTY criteria, that it is appropriate to provide such assistance; and

**WHEREAS**, MUNICIPALITY seeks to enter into a Shared Services Agreement with the COUNTY allowing it to request assistance from the COUNTY with regard to individual tree removal; and

**WHEREAS**, the Uniform Shared Services and Consolidation Act (N.J.S.A. 40A:65-1 et seq.) promotes the broad use of shared services as a technique to reduce local expenses funded by property tax payers; and

**WHEREAS**, the Uniform Shared Services and Consolidation Act (N.J.S.A. 40A:65-1 et seq.) allows any local unit to enter into an agreement with any other local unit or units to provide or receive any services that each local participating in the Agreement is empowered to provide or receive within its own jurisdiction, as set forth in N.J.S.A. 40A:65-7(4); and

**WHEREAS**, pursuant to N.J.S.A. 40A:65-5, the COUNTY and MUNICIPALITY have each adopted resolutions authorizing entry into this Agreement, copies of which are annexed hereto as exhibits,

**NOW, THEREFORE, BE IT AGREED**, in consideration of the promises and of the covenants, terms, and conditions hereinafter set forth, the COUNTY and MUNICIPALITY agree to perform in accordance with the provisions, terms and conditions set forth in this Agreement as follows:

1. PROCEDURES GOVERNING TREE REMOVAL REQUESTS. MUNICIPALITY understands and acknowledges that the COUNTY has no obligation to remove any trees within the MUNICIPALITY, whether dead, dying or otherwise and that the COUNTY'S willingness to assist in the removal of any trees constitutes the voluntary act of the COUNTY in an effort to assist municipalities within the COUNTY to the extent it is able to do so. MUNICIPALITY further understands and acknowledges that the COUNTY may terminate this assistance policy at any time as provided hereunder.

Specific procedures for requesting assistance with regard to tree removal are as follows:

- a) MUNICIPALITY may submit to the COUNTY individual requests for the removal of a dead or dying tree(s) located solely on COUNTY roadways by completing a form (the "Request Form;" sample attached hereto) provided by the COUNTY.
- b) Said completed Request Form shall be returned to the COUNTY via email to [treerequest@co.bergen.nj.us](mailto:treerequest@co.bergen.nj.us). Any questions can be directed to [treerequest@co.bergen.nj.us](mailto:treerequest@co.bergen.nj.us) or to the Bergen County Department of Parks Forestry Superintendent.
- c) Upon receipt of said completed Request Form, the COUNTY shall inspect and evaluate the tree(s) proposed for removal. Upon completing said inspection, the COUNTY shall notify the MUNICIPALITY as to whether it will remove said tree(s) or whether it is not willing to remove said tree(s). There shall be no time limit within which the COUNTY shall complete its inspection or advise the MUNICIPALITY as to its decision to remove said tree(s).
- d) The COUNTY alone shall have the discretion to determine whether it will remove said tree(s) based upon COUNTY criteria established in the sole discretion of the COUNTY.
- e) In the event the COUNTY elects to remove the tree(s), the COUNTY work shall be strictly limited to the removal of the tree(s). The COUNTY shall not be responsible for the completion of any repairs to the sidewalk/curb adjacent to the tree(s) or for any other repairs/work in connection with the removal of the tree(s).
- f) In the event the COUNTY elects to remove the tree(s), the MUNICIPALITY shall provide uniformed police officers/patrol cars at the sole cost and expense of the MUNICIPALITY as required for the safety of all workers engaged in the removal of the tree(s) as well as members of the general public.

## 2. MUNICIPALITY INSURANCE OBLIGATIONS.

- a) Required Minimum Insurance Coverages. During the performance of all COUNTY tree removal operations the MUNICIPALITY shall, at its own cost and expense, maintain the minimum insurance coverages outlined below.
  - i) Workers' Compensation and Employer's Liability insurance in the minimum amount of One Million Dollars (\$1,000,000.00).
  - ii) Commercial General Liability insurance with limits of at least One Million Dollars (\$1,000,000.00) Per Occurrence/Two Million Dollars (\$2,000,000.00) Aggregate for bodily or personal injury, including death, and property damage, including contractual liability coverage with limits not less than said amounts above.
  - iii) Commercial Automotive Liability in the minimal amount of One Million Dollars (\$1,000,000.00) Combined Single Limit.
- b) Required Certificate of Insurance. Prior to the performance of any tree removal work, the MUNICIPALITY shall provide the COUNTY with a Certificate of Insurance on Accord Form 25 or its equivalent.
  - i) Each time the MUNICIPALITY submits a completed Request Form for the removal of a specific tree(s) to the COUNTY via email (to [treerequest@co.bergen.nj.us](mailto:treerequest@co.bergen.nj.us)), the MUNICIPALITY will also include in the email a scanned copy of the required Certificate of Insurance.
  - ii) The Certificate of Insurance shall set forth evidence that the coverages required hereunder are/will be in full force and effect at the time of tree removal services.
  - iii) The MUNICIPALITY shall furnish copies of any endorsements that are subsequently issued amending limits of coverage.
  - iv) The Certificate of Insurance shall name the COUNTY as Certificate Holder and Additional Insured under the Commercial General Liability and Commercial Auto Liability policies.
  - v) The Certificate of Insurance shall provide for at least thirty (30) days prior written notice to the COUNTY of the cancellation or material modification of any policy of insurance maintained pursuant to this Shared Service Agreement.
  - vi) All such coverages are to be provided on a "primary" basis regardless of any other insurance the COUNTY may have or may elect to obtain.

**3. INDEMNIFICATION.**

- a) The MUNICIPALITY shall indemnify, defend and hold harmless the COUNTY and all of its departments, directors, officers, employees and representatives against all costs, claims, damages, demands, liens, losses, actions or liabilities of any kind which may be asserted against them including, without limitation, reasonable attorneys' fees, statutory or administrative fines or penalties, and litigation costs to the extent such arise out of or are in connection with, directly or indirectly, this Shared Service Agreement or the performance of the tree removal work provided for herein, whether or not negligence on the part of the COUNTY or its employees, officials, agents or representatives contributed thereto.
- b) The MUNICIPALITY agrees that the COUNTY shall have no liability to the MUNICIPALITY for damages, whether arising under theories of contract, tort, or warranty. The MUNICIPALITY further agrees that the COUNTY, its officers, managers, affiliates, representatives, subcontractors, and employees will not be liable for any indirect, special, incidental or consequential damages, even if the COUNTY has been advised of the possibility of such damages.

**4. TERM.** The term of this Agreement shall be for five (5) year(s), commencing on \_\_\_\_\_, 2024 ("Effective Date") and continuing through \_\_\_\_\_, 2029, unless terminated sooner as provided in this Agreement. The COUNTY alone has the option to renew the Agreement.

**5. TERMINATION.** Notwithstanding any other term in this Shared Service Agreement, the COUNTY and the MUNICIPALITY retain the right to terminate this Agreement at any time and for any reason, including convenience, by providing thirty (30) days' notice to the other party.

**6. DISPUTE RESOLUTION.** In the event of a dispute, whether technical or otherwise, a Party must request Non-Binding Mediation and the other Party must participate in the mediation prior to and as a condition precedent to the commencement of any litigation in a court of law. The costs of such Non-Binding Mediation shall be shared equally between the COUNTY and the MUNICIPALITY. The Mediator shall be a retired Judge of the Superior Court of New Jersey or other professional mutually acceptable to the Parties and who has no current or on-going relationship to either Party. The Mediator shall have full discretion as to the conduct of the mediation. Each Party shall participate in the Mediator's program to resolve the dispute until and unless the Parties reach agreement with respect to the disputed matter or one Party determines in its sole discretion that its interests are not being served by the mediation. Mediation is intended to assist the Parties in resolving disputes over the correct interpretation of this Agreement. No Mediator shall be empowered to render a binding decision. Upon the conclusion of Mediation, either Party may commence judicial legal proceedings in the appropriate division of the Superior Court of New Jersey venued in Bergen County.

7. NOTICES. All notices and other communications required or permitted to be given to or served upon the COUNTY shall be in writing. Any such notices or communications shall be sufficiently given or served if delivered in person or sent by certified or registered mail to the following:

- e) Non-Waiver. The failure of a party to insist on strict performance of any term of this Agreement, or to exercise any right or remedy under this Agreement, shall not constitute a waiver or relinquishment of any nature regarding such right or remedy or any other right or remedy.

This Agreement and any amendments or addenda hereto, or any other document necessary for the consummation of the transaction(s) contemplated, administered or controlled by this Agreement (“Agreement Documents”), may be executed and delivered in any number of counterparts, each of which so executed and delivered shall be deemed to be an original and all of which shall constitute one and the same instrument. Any Agreement Document, to the extent delivered by means of a facsimile machine, electronic mail, or other electronic means, shall be treated in all manner and respects as an original agreement or instrument, and shall be considered to have the same binding legal effect as if it were the original signed version thereof delivered in person or via mail. The Parties agree that Agreement Documents may be accepted, executed, or agreed to through the use of an electronic signature in accordance with the Uniform Electronic Transaction Act, N.J.S.A. 12A:12-1 et seq., and any associated regulations. Any Agreement Document accepted, executed or agreed to in conformity with such laws will be binding on all Parties the same as if it were physically executed, and all Parties hereby consent to the use of any third party electronic signature capture service providers as may be chosen by the COUNTY.

**CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM**

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

**CAPITAL BUDGET**

- A plan for all capital expenditures for the current fiscal year.  
If no Capital Budget is included, check the reason why:

- ☐ Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line items and Down Payments on Improvements.
- ☐ No bond ordinances are planned this year.

**CAPITAL IMPROVEMENT PROGRAM**

- A multi-year list of planned capital projects, including the current year.  
Check appropriate box for number of years covered, including current year:

- ☒ 3 years. (Population under 10,000)
- ☐ 6 years. (Over 10,000 and all county governments)
- ☐ years exceeding minimum time period.
- ☐ Check if municipality is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately previous three years, and is not adopting CIP.
