### A Message from Mayor Amy Wilczynski. . .

It is a beautiful day today as I'm writing this. I just returned from a walk around Crestwood Lake, the playground was packed with kids, the goose patrol dogs were busy chasing the geese off our fields, and baseball/softball practice was in full swing on our groomed diamonds.

At the last Chamber of Commerce meeting, the group was getting ready to send out welcome baskets to our new residents. There were quite a few! On behalf of the Council and myself, we would like to welcome all our new residents to Allendale. Please reach out to anyone on the Council if you have any questions or visit our webpage to get involved in many of our wonderful organizations in town.

April 22 is Earth Day. Allendale always supports sustainability. Our Green Team sells compost bins and rain barrels throughout the year. Contact [allendalegreenteam@gmail.com](mailto:allendalegreenteam@gmail.com) for full details. We would also like to highly encourage residents to use curbside recycling for glass, plastic, and paper. This a convenient service we offer residents and we hope that more residents take advantage of it. The recycling industry is still in major flux. At this time, it actually costs the Borough less if you bring your recycling to the curb rather than to the Recycling Center. Please visit the [website](#) for the bi-monthly pick-up dates of curbside recycling and also be on the lookout for new dates for the Recycling Center.

We will be introducing our budget at the M&C April 13th meeting. We have gone through many iterations to bring us to this point where we can propose zero increase on municipal taxes. There have been considerable challenges in the past year, so we are happy to be able to offer this at this juncture. We encourage residents to attend and ask questions!

Crestwood Like will be filled in the next few weeks and lake sign-ups begin April 17<sup>th</sup>!

We are always looking for ways to improve communication, for those on Facebook, please follow my new [Mayor's Facebook page](#) as well as the [Borough's Facebook page](#). Like and share with your friends. Also, sign up for [Constant Contact](#) and [Swiftreach](#). Our website is also a wealth of information and is constantly updated. Dates for 'Coffee with the Mayor' will be announced soon. It will be a casual atmosphere to have a cup of coffee and a casual chat!

Warm regards,

*Amy*

Mayor Amy Wilczynski

# ALLENDALE HISTORY

FRED LITT  
BOROUGH HISTORIAN

## HISTORY OF ALLENDALE SCHOOLS

*In this 1896 view looking north from East Orchard Street, Allendale's newest two-story schoolhouse is being completed. The smaller building at left is Allendale's second schoolhouse, built in 1862. The steps at right belong to the Church of the Epiphany, moved from Cottage Place in 1894.*

Five public schools and one regional high school have been built in Allendale since 1826. While 19th-century historians have implied the existence of earlier buildings used for education, no specifics can be found.

Located at the northwest corner of Chestnut Street and Franklin Turnpike, the first documented schoolhouse serving Allendale, built in 1826, was known as the "little red schoolhouse." It was one story, 16 feet by 24 feet, and students sat from 9:00 a.m. to 4:00 p.m. on long backless benches. The first board of trustees included John G. Ackerman, John G. Ackerson, and Albert A. Garrison, who employed Isaac Demurest as the earliest teacher.

School No. 2 was built in 1862 on property provided by Peter G. Powell on Franklin Turnpike near the corner of East Orchard Street. This building, 25 feet by 35 feet and adorned with a belfry and blinds, was valued at about \$2,000. There was a provision in the deed that the property would revert to the Powell Estate if the property was no longer used for a school. The earlier 1826 schoolhouse was moved to John Wilson's farm, where it was used to store grain. By the 1880s, with J. Alfred Ackerman teaching, the schoolhouse was already too small.

In 1896, a new two-story school was built behind the 1862 schoolhouse on Franklin Turnpike. Dedicated on December 18, 1896, this school was built by Stephen Van Blarcom for \$5,500. It contained eight classrooms, teaching grades one through eight. It had separate entrances for boys and girls, perhaps befitting the morality of the times. School No. 2, sold by auction to H.J. Appert for \$65, was soon moved to his Allendale Produce Gardens on Franklin Turnpike, where it was destroyed by fire in 1938.

*Opening its doors on Brookside Avenue in 1929, Allendale's newest public school held its first graduation in the school auditorium on Friday, June 20, 1930. (Courtesy of Nancy Strangfeld Cauwenberghs.)*

In January 1928, residents voted two to one to purchase the Anthony property for \$165,000 for a new school located near the corner of West Crescent and Brookside Avenues. This public school was dedicated on September 6, 1929. The school's first class of 1930 had 225 students with Willard Alling as its principal. While the name "Brookside School" was used as early as 1942, the 1968 graduation booklet displayed the name for the first time.

The aftermath of World War II brought new population growth, resulting in dividing the public school into two separate schools, with fourth to eighth grades remaining at Brookside School and kindergarten to third grades moving to the newest public school, Hillside Elementary School. With Aileen Wilson appointed as its first principal effective September 1967, the new Hillside School opened with 595 students. It was dedicated on October 15, 1967.

*Brookside School, Today*

Before 1964, high school students from Allendale attended Ramsey High School, then Mahwah High School. Voters from Allendale and Upper Saddle River approved a referendum on May 24, 1963, to build a new regional high school on Hillside Avenue in Allendale. Ground-breaking property owned by Peter G. Koole. The new Northern Highlands Regional High School, serving Allendale and the surrounding communities, officially opened its doors to students on Monday, September 20, 1965, and held its dedication on Sunday, March 20, 1966.

## OFFICE OF EMERGENCY MANAGEMENT

# WEATHER - Watches vs WARNINGS

As hurricane and severe storm season approaches us, it's important to understand the differences between weather "watches" and "warnings". What do these terms mean? I recently found an interesting way to effectively convey this information. Tacos. Think of the ingredients to make tacos. Lettuce, tomatoes, salsa, etc. Imagine all the ingredients laid out ready to be assembled. The ingredients are ready to make tacos, the same concept applies to weather "watches". The conditions are there for severe weather, but no tacos have been completely assembled.

Now, imagine assembling all the ingredients which form a ready-to-eat taco. Consider this a taco warning! Taco eating is imminent, prepare yourself for eating! A weather "warning" means that all conditions have come together and severe weather has been spotted. Even if you don't like tacos, prepare yourself for the possibility of tacos (or severe weather) in our future!

Michael T. Dillon  
Chief of Police  
Emergency Management Coordinator

**TACO WATCH**

**TACO WARNING**

# Grilling Safety

There's nothing like outdoor grilling. It's one of the most popular ways to cook food. But, a grill placed too close to anything that can burn is a fire hazard. They can be very hot, causing burn injuries. Follow these simple tips and you will be on the way to safe grilling.

## SAFETY TIPS

- » Propane and charcoal BBQ grills should only be used outdoors.
- » The grill should be placed well away from the home, deck railings and out from under eaves and overhanging branches.
- » Keep children and pets at least three feet away from the grill area.
- » Keep your grill clean by removing grease or fat buildup from the grills and in trays below the grill.
- » Never leave your grill unattended.
- » Always make sure your gas grill lid is open before lighting it.

## CHARCOAL GRILLS

- » There are several ways to get the charcoal ready to use. Charcoal chimney starters allow you to start the charcoal using newspaper as a fuel.
- » If you use a starter fluid, use only charcoal starter fluid. Never add charcoal fluid or any other flammable liquids to the fire.
- » Keep charcoal fluid out of the reach of children and away from heat sources.
- » There are also electric charcoal starters, which do not use fire. Be sure to use an extension cord for outdoor use.
- » When you are finished grilling, let the coals completely cool before disposing in a metal container.

## PROPANE Grills

Check the gas tank hose for leaks before using it for the first time each year. Apply a light soap and water solution to the hose. A propane leak will release bubbles. If your grill has a gas leak, by smell or the soapy bubble test, and there is no flame, turn off both the gas tank and the grill. If the leak stops, get the grill serviced by a professional before using it again. If the leak does not stop, call the fire department. **If you smell gas while cooking, immediately get away from the grill and call the fire department.** Do not move the grill.

If the flame **goes out**, turn the grill and gas off and wait at least **5 minutes** before re-lighting it.

## FACTS

- ! July is the peak month for grill fires.
- ! Roughly half of the injuries involving grills are thermal burns.

# ALLENDALE AMBULANCE CORPS

## SERVING SINCE 1937

Allendale Volunteer Ambulance held their 2<sup>nd</sup> annual Casino Night at Ramsey Country Club on March 24. The night was a huge success, filled with delicious food, exciting Casino games, and a huge selection of prize baskets and awards! But most importantly, we raised money towards a new ambulance—a crucial component in providing excellent care to our patients! Thank you to ALL the businesses and individuals who sponsored Casino Night. We couldn't have done it without you. MARK YOUR CALENDARS for our 3<sup>rd</sup> annual Casino Night on Friday, March 22, 2024!

# GARBAGE & RECYCLING REMINDERS

- All items should be put out *starting at 6pm the night before* the scheduled collection.
- Building materials and wood pallets *are not collected* by our garbage contractor. You must make your own arrangements to dispose of them.
- You must schedule a one-time, courtesy move-out pickup with [info@AllendaleNJ.gov](mailto:info@AllendaleNJ.gov) at **least 4 WEEKS in advance**. No metal, electronics, or recyclable materials collected.
- Remember to make sure that the lids are securely on top of your cans, especially garbage. This will help keep wildlife at bay.
- Collection containers can be no larger than 30 gallons.
- Bulk Trash must be placed on the curb and **not placed** in the road.
- Food containers being recycled need to be rinsed and cleaned before you dispose.
- Soiled pizza boxes are garbage and **NOT** recyclable.

GARBAGE	RECYCLING
