A MESSAGE FROM MAYOR AMY WILCZYNSKI

I hope everyone is enjoying a wonderful summer and had a safe and memorable **Independence Day celebration**. This year was especially meaningful as our community joined the nation in celebrating America's 250th birthday. The festivities and games hosted by the **Holiday Observers** were fun and festive as usual! It was a beautiful day in Allendale all around, with a special appearance from our founding fathers! Mother nature had other plans for the evening, however, and the fireworks had to be postponed. **The new date that could work for all parties involved is September 26th**. The 26th will be another quintessential day in Allendale with **Allendale Day** in the morning and afternoon followed by the **fireworks** at night.

To clear up some questions regarding Veolia, below are **Drinking Water Updates**:

Lead and Copper Rule

The NJ Department of Environmental Protection (NJDEP) requires water systems to **identify and remove lead lines** by state deadlines. Veolia will dig at street connections to test lines and replace any lead lines found at no cost to residents. Allowing Veolia access to check your inside at your home's entrance helps ensure the entire connection is lead-free. This is done with **NO direct cost to the individual resident**.

Smart Meters

The New Jersey Board of Public Utilities (NJBPU) **requires all old water meters be replaced with new meters**. These new meters feature upgraded technology. These meters **ensure efficiency and accuracy** while providing real-time data for analysis. This will **NOT increase your water bill**—meters only measure water usage.

Both initiatives are paid for by Veolia, not individual homeowners.

Veolia Drinking Water Rate Case Update

Veolia proposed a 5% 2026 rate increase for all NJ customers based on infrastructure upgrades and PFAS remediation. After Allendale intervened and attended ten (10) BPU meetings, the result is **zero increase on water consumption charges for Allendale!** This is a huge WIN for Allendale and another example how we are working hard for our residents. **Thank you to Councilwoman Liz Homan** for her incredible and dedicated work on this rate case. It was quite an experience!

Water is a precious commodity and unlike other utilities, we consume water. Water costs will continue rising as the aging water infrastructure across New Jersey is replaced, required PFAS treatment begins and new contaminants are identified. Allendale Council is planning **drinking water education programs** in Q4 2026 and Q1 2027.

Planning continues for **several projects** throughout the Borough, including **sidewalk improvements** around Memorial Park and evaluations of the sidewalk infrastructure as a whole; park enhancements; and recreational facility upgrades such as the **tennis courts**. Thank you for your positive comments regarding the **mid-year review**. We will continue to look for new ways to keep everyone informed! These investments and improvements reflect **our commitment to making Allendale an even better place to live** for current and future generations.

Please **save the date** for our 3rd **Town Hall- Tuesday, September 15th at 7pm** at our community center.

As we continue our **250 Anniversary of America celebrations**, please mark your calendars for the 250th event on **September 19 hosted by the Holiday Observers**. The Borough is teaming up with them for a fun and festive **parade** that will lead up to the events at the red barn. Are you creative? **Interested in creating a float** to march in the parade? You can sign up on the Borough website [here](#).

If you know anyone who is not receiving these messages, please encourage them to [sign up for alerts and emails](#) and follow the [Mayor Amy Wilczynski Facebook](#) and [Instagram](#) pages as well as the [Borough Facebook](#) and [Borough Instagram](#) pages. Also feel free to [contact any council member or myself](#).

Please say hi anytime you see me around town!

GARBAGE

- Household kitchen, office & bathroom trash

BULKY TRASH

- Furniture
- Carpeting
- Non-metal items
- Windows/mirrors/pane glass must be taped with an "X"

METAL

- Anything that is at least 75% metal, including artificial Christmas trees.

STYROFOAM

EPS #6 Packing foam is recyclable! Stay tuned for Allendale Green Team's next collection.

Contact the Green Team at allendalegreenteam@gmail.com for information on recycling any material not collected curbside.

RECYCLING

Container One:

- Newspapers & inserts
- Junk mail, envelopes, office, notebook, construction paper
- Smooth and corrugated cardboard
- Glossy magazines and catalogs
- Soft-covered books and telephone books
- Non-metallic wrapping paper & greeting cards
- Shredded paper
- Brown Grocery bags

Container Two:

- Food & beverage containers
- Plastic containers with a recycling code 1, 2, 5 & 7
- Aluminum cans, foil
- Aseptic packaging (ex. soup, milk containers)
- Metal cans & empty aerosol cans
- Green, clear & brown glass bottles and jars

**Please note that there are 2 separate trucks that pick up recyclables.

TREE INSPECTIONS

Residents are encouraged to have trees on their property inspected by a licensed arborist or other tree care specialist to identify and address and dead or diseased trees before they become hazardous.

If a tree needs to be cut down, please visit allendalenj.gov for a [tree removal permit application](#).

Green Team Collection -
Styrofoam, Batteries,
Grocery Bags, Canned
Goods & more

FROM THE ALLENDALE GREEN TEAM

Your Green Team worked in partnership with the Holiday Observers on Independence Day to raise Allendale's sustainability profile another notch. Our volunteers kept watch over collection receptacles to separate aluminum cans, plastic and glass bottles, cardboard, plastic bags and food. Our efforts resulted in 2 very empty trash dumpsters! Equally important were the 9 fifty gallon bags of bottle and cans, 17 lbs. of plastic bags, 75 lbs. of cardboard, and 47 lbs. of food waste, all of which were diverted from the landfill.

We want to highlight our relationship with Neighborhood Compost for food waste separation / collection and composting. Food waste is a major component of municipal household waste and the major cause of methane emissions from landfills. Residents who are interested in composting can contract with Neighborhood Compost to supply a bucket for regularly scheduled or on-demand pickup of kitchen food scraps. We have their buckets available for immediate distribution if you establish an account.

The Green Team is also very pleased to announce another business partnership which has been established through Councilmember Ed O'Connell and the generosity of General Manager, Ron Potaski of Mr. Handyman Tri-County located at 1474 Rt. 23, Wayne, NJ 07470. Ed will be using his Mr. Handyman assigned vehicle to assist the Green Team with transportation of the packing "styrofoam" which we collect on the 3rd Saturday of every month. This arrangement is a big win for our team! We can now transport the material in a single trip to Ridgewood, eliminating multiple trips previously made in smaller vehicles.

Many thanks to Mayor Amy and the council for your support, also to Andy Aguliaro and the DPW staff, to our new and established business partners and certainly to the residents who continue to show their appreciation through kind words and participation in our events. Please direct your sustainability questions to AllendaleGreenTeam@gmail.com. See you at our next collection on Saturday July 18, from 10 AM – 12 Noon at Borough Hall.

THE GARY LETIZIA MEMORIAL BLOOD DRIVE

Gary Letizia was diagnosed with Leukemia at the age of 68. If not for the countless gallons of donated blood that kept him valiantly battling cancer, we wouldn't have been able to create those extra memories that final year. Please consider donating so that someone else's loved one may receive that same precious gift of time.

The 7 Seconds That Could Save a Child's Life

Seven seconds.

That's about how long it takes to send a text, change the radio station, or glance at your GPS.

It's also enough time for a child to step off a curb, chase a ball into the street, or walk into a crosswalk.

As another school year begins, the roads around our schools become some of the busiest places in town. Children are excited, distracted, and often unpredictable. They don't always judge speed or distance the way adults do.

Before driving through a school zone or neighborhood, challenge yourself to take seven extra seconds. Slow down. Put the phone away. Scan sidewalks and crosswalks. Look twice before turning. Those few seconds may be the difference between a close call and a tragedy.

Parents can help, too. Remind children to use crosswalks, look left-right-left before crossing, make eye contact with drivers, and wear a properly fitted helmet when riding a bicycle or scooter.

At the Allendale Volunteer Ambulance Corps, we respond when emergencies happen—but we'd much rather help prevent them. This school year, let's all take seven extra seconds to protect what matters most.

Seven seconds. One choice. A lifetime of difference.

THE 7 SECONDS

TAKE 7 SECONDS TODAY. IT COULD SAVE PRECIOUS MINUTES TOMORROW.
