**PUBLIC COMMENT:**

**Mark Savastano, 22 Vreeland Place, Allendale**, thanked Councilwoman Lovisolo for her participation in the EPS styrofoam event that we did with Waldwick. It was very successful. Thank you, Mayor, for your encouragement ahead of that. We did fill the 40-yard dumpster in the time allotted. There were a total of 90 households from Waldwick, 30 from Allendale and others from the surrounding communities as far as Hackensack and Englewood. We had a very good response.

I wanted to ask if we could possibly ask for voluntary participation from the builder if they would be willing to set aside any foam when they're doing the construction of the project at the property that is being developed. It would be totally voluntarily and we can pick it up. Councilwoman Homan asked if they recycle it elsewhere if that is acceptable? If they are going to recycle it, that would be great. It could also be used for us to contribute to our certification if we know that they are doing it, but if they are going to put it into dumpsters then we could take it to the county processing at one of the other events and have it recycled.

The compost bins continue to be very popular. Jim Wright posted something on 07401 and we got an immediate response. Two more people asked about purchasing the bins. I want to know how to go about purchasing another batch. We will go about doing that ahead of the Earth Day event or spring cleaning. Someone also asked about recycling air conditioners. I know we accepted them last year and I wanted to make a correct response if we were going to be accepting them again this year at that event. If that's planned then I can give them an accurate answer as to how we would handle that. Councilwoman Lovisolo said we will find that name again and see if they would come back. Mr. Savastano said he's going to contact the county because he doesn't recall if the BCUA accepts them at their electronics.

Councilwoman Homan stated one was at this Earth Day event we had. Will you or could you have somebody that would talk about the appropriate way to compost and potentially also help people who are having problems with their composting because I do think it's exciting that people are starting to compost, but if they're not doing it correctly they will easily become dissuaded as opposed to if they have an opportunity to learn how to do it. Mr. Savastano said that's a good idea and we can plan for that by maybe having a demonstration of materials that we could put in it and how to layer them, etcetera. Councilwoman Lovisolo said we had discussed with the Green Team about when we do that demonstration about having John or someone record it and then we can put it on the Green Team page.

Councilwoman Homan also said we did this styrofoam recycling, is there somewhere styrofoam is actually kept if you needed to use it. I need some styrofoam for a project. I would use it and then put it back to recycling. Mr. Savastano responded by saying there's a resident who lives in town, I believe he's a physician, who wrote to me and asked me about recycling foam. I know he has some available. I can put you in contact with him directly. I also have some of the softer foam, which can be recycled along with the plastic bags.

**CJ Foster, 146 Park Avenue, Allendale**, thanked everyone for the time. He said he is here in regards to a proposal to acquire an adjacent strip of land. Mayor Wilczynski said she just read that email today. Mr. Foster said as far as process is concerned, I was before the December Land Use Board meeting. It went pretty well. I was told process-wise, the Mayor and Council was the place to go to figure out how to do it and what we need on our end. Linda sent out pdfs of the photos to give a better understanding of what we're looking for. Attorney Wiss, responded to Mr. Foster and said to distribute that so everyone can look at it after the meeting. I will contact Chris Botta, Esq. and follow up and see what occurred at the Land Use Board meeting and then talk logistics. I also saw the email, so we have contact information and I'll follow up accordingly.

No one else came forward.

Motion by Councilman O'Connell, seconded by Councilwoman Homan, to enter Closed Session. All were in favor.

The Mayor and Council went into Closed Executive Session at 8:16 p.m. Minutes of this meeting were taken and will be released to the public at the time the matter is resolved.

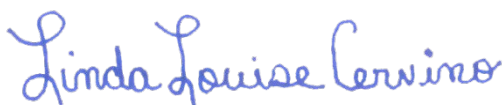

The Regular Session meeting resumed at 8:27 p.m.

Councilman Daloisio thanked the Republican Municipal Committee for nominating him and thanked his family, the Mayor, his fellow councilmembers, all his neighbors and the community at large. He stated that this is an honor and it's something I've always dreamed about. I will give you 110 percent.

**ADJOURNMENT:**

There being no further business to come before the Mayor and Council, on a motion by Councilman O'Connell, with second by Councilwoman Homan, and unanimously carried, the Regular Session was adjourned at 8:30 p.m.

Respectfully submitted,

---
