

Mayor and Council of the Borough of Allendale Regular Meeting of Mayor and Council – February 19, 2026

A combined Work and Regular Session Meeting of the Mayor and Council of the Borough of Allendale was held in the Municipal Building at 500 West Crescent Avenue, Allendale, New Jersey on February 19, 2026. The meeting was called to order at 7:00 pm by Mayor Amy Wilczynski.

Linda Louise Cervino, Municipal Clerk, read the open public meetings statement: "In Compliance with the Open Public Meetings Act, the notice requirements have been satisfied. The meeting dates for the year are confirmed at the Annual Meeting, are posted on the public bulletin board in the Municipal Building and on the Borough website, published in The Record within the first 10 days of the New Year, and copies are sent to the Ridgewood News and Star Ledger.

The roll call was recorded as follows:

COUNCIL	PRESENT	ABSENT
Councilman O'Connell	✓	
Councilman O'Toole	✓	
Councilpresident Lovisolo	✓	
Councilwoman Homan	✓	
Councilman Daloisio		✓
Councilman Yaccarino	✓	
Mayor Wilczynski	✓	

The quorum was met.

Councilpresident Lovisolo joined us via Microsoft Teams platform. Councilman O'Connell joined us by speakerphone due to technical difficulties.

Also present were the following: Raymond Wiss, Borough Attorney; Linda Louise Cervino, Municipal Clerk; and Superintendent of DPW, Andrew Agugliaro.

Mayor Wilczynski led the salute to the flag.

AGENDA REVIEW:

Mayor reviewed the Ordinances on the agenda which consisted of the following.

- Second reading of Ordinance 26-02, which is for the Borough of Allendale to hire someone to do our lead-based paint inspections. This is something that is brought down from new state law.
- Second reading of Ordinance 26-03, which is an ordinance to charge for OPRA. We have had an abundance of OPRA requests from our police department on their body-worn cameras. It's becoming an intense burden for our police department, so we are going to start charging for some of the extra work that it is costing the borough.
- Second reading of Ordinance 26-04, which is an ordinance implementing the borough's fourth round housing plan element and Fair Share Plan consistent with the terms of our mediation agreement. This is what is actually including our overlay zone on Boroline Road.

Regular Meeting of Mayor and Council – February 19, 2026

- Second Reading for Ordinance 26-05, which is to amend Chapter 81, Affordable Housing, updating definitions and guidance of how to improve, develop and administer our fourth round including clarifications of our legal relationships.
- Introduction of Ordinance 26-06, which is an ordinance to amend, supplement and revise the code of the Borough of Allendale Property Maintenance, Article V, Maintenance Standards.
- Introduction of Ordinance 26-07, which is an ordinance to amend, supplement and revise the code of the Borough of Allendale for snow and ice removal. This is pretty much what we have now for our fire hydrants, except we are just increasing it from 24 hours to 48 hours.

Mayor Wilczynski reviewed the following items on the Consent Agenda.

- **RES 26-97:** Authorizing a Professional Services Agreement with Tantalum Labs LLC, for Cybersecurity Security Testing Services.
- **RES 26-98:** Appointment of Hourly Part-Time Building Monitor.
- **RES 26-99:** Resolution of the Borough Council of the Borough of Allendale, in the County of Bergen, New Jersey, covenanting to comply with the provisions of the Internal Revenue Code of 1986, as amended, applicable to the exclusion from gross income for federal income tax purposes of interest on obligations issued by the Borough of Allendale and authorizing the Mayor, Borough Clerk, Chief Financial Officer and other borough officials to take such action as they may deem necessary or advisable to effect such compliance and designating a \$6,350,000 Bond Anticipation Note, dated February 19, 2026, payable February 19, 2027, as a "Qualified Tax-Exempt obligation" pursuant to Section 265(B)(3) of the Internal Revenue Code of 1986, as Amended.
- **RES 26-100:** Bill List of February 19, 2026.
- **RES 26-101:** Resolution of the borough council of the Borough of Allendale, County of Bergen, State of New Jersey, adopting the Affordable Housing Trust Funds Owner-Occupied and Rental Rehabilitation Manual Prepared By Leckington Advisors. Mayor Wilczynski said this is a resolution saying we are going to adopt an ordinance if we don't have any money left in our trust funds for whatever reason.
- **RES 26-102:** Resolution of the Mayor and Council of the Borough of Allendale of the County of Bergen, State of New Jersey, stating its intent to bond or take such other steps as may be necessary to fully fund its Housing Element and Fair Share Plan.
- **RES 26-103:** A Resolution of the borough council of the Borough of Allendale endorsing an amendment to the Housing Element and Fair Share Plan adopted by the Land Use Board on February 11, 2026. Mayor Wilczynski stated once we do any type of change to our Masterplan, it has to go for approval to the Land Use Board. It did and they approved of it.
- **RES 26-104:** A Resolution of the borough council of the Borough of Allendale, County of Bergen, State of New Jersey, adopting the Affirmative Marketing Plan prepared by Leckington Advisors, LLC. Mayor Wilczynski stated this is required to administer HEFSP a Housing Element in Fair Share Plan. It's to make sure that we are using this template to market the plan to ensure that the implementation is marked and targeted for outreach.

Mayor and Council of the Borough of Allendale Regular Meeting of Mayor and Council – February 19, 2026

Mayor Wilczynski stated those are guidelines and templates that have to be put in place to really make sure that our plan is solid and that all the different aspects of it are covered from all the different agencies.

Mayor Wilczynski introduced our professional guest, Fair Share Housing Attorney, Jeffrey Surenian, who joins us via Microsoft Teams platform to comment and explain the Resolutions and Ordinances.

Mr. Surenian stated, the big picture is you were assigned a very large number. Your total number is 804 and the town did many things to try to manage that number. It brought the rehab number, which was set at 159, down to 10 through a visual exterior survey. It sought an adjustment of its obligation of 200 for Round Four and we adjusted it down to four. And so, we had to create a realistic opportunity for four units, and we had to have a plan for the unmet need of 196. What you're required to do under these laws is once you submit your plan, you enter into an agreement with Fair Share Housing Center, who agreed to our plan, and then the next step is now we're going to go to a judge. It goes from the program to a county judge and we're going to ask the judge to enter a certificate declaring that we're compliant. And all these ordinances and all these resolutions are part of that picture.

The law requires that by March 15th you need to adopt all the ordinances that are necessary to implement your plan. And you need to adopt all the resolutions that are necessary to implement your plan. The only real change between the plan that you filed in June of 2025 and this plan is that the rules changed on how you go about extending deed restrictions. They became more favorable to you. And so, you know, the amendment to the plan, if you look at it, the main thing is we showed that now we're complying with the present rules. This is a very favorable plan. The leadership of this community did a good job in managing what was a very significant risk. Basically, all you had to do to address your unmet need for Round 4 is a slight expansion of the area that was designated for redevelopment and a relatively modest increase in density. So, that was one ordinance. The other ordinance was a very long, complicated ordinance that all towns have to adopt that basically shows how you're going to implement all these new rules that were just adopted and became effective in December of 2025.

All the resolutions go to specific parts of the plan. For example, you have to have an administrative agent. You have a resolution to appoint a municipal administrative agent. You have to have a municipal housing liaison. You have a resolution that does that. You have to have an affirmative marketing plan. You have a resolution that approves an affirmative marketing plan. You have to have a plan to implement a rehab program, even if only 10 units, that makes it available for rental and for sale. You have Mark Leckington who prepared those manuals. You have a resolution approving those manuals. You also needed to amend your plan that was adopted in June to show what has changed. So, the planning board adopted that amendment. You have a resolution endorsing that amendment. The final resolution is you have to have a resolution committing to bond or pay your bills in some other legal means in the event there's not enough money in your trust fund to pay the cost of your plan. The reality is that resolution is largely symbolic because you have ample money in your plan to pay the cost of your plan, which basically involves rehabbing 10 units and extending the deed restrictions on two. And in fact, we have so much that we're extending the deed restriction on six. So, we're reserving our right to extend the restrictions on still more if we find that.

**Mayor and Council of the Borough of Allendale
Regular Meeting of Mayor and Council – February 19, 2026**

In summary, that's what's before you tonight. All these resolutions and these two ordinances are all part of a bigger picture of the submission I need to make to the Court to say, ok, we did everything we said we would do when we entered into this agreement with Fair Share Housing Center. Please issue a certificate of compliance. That gives us a certain measure of protection for ten years until June 30th of 2035.

Mayor Wilczynski opened the meeting up to the public on agenda items only. No one came forward.

Mayor Wilczynski thanked Jeffrey Surenian.

Mayor and Council of the Borough of Allendale Regular Meeting of Mayor and Council – February 19, 2026

ADMINISTRATION

Council Committee Reports

Councilman Matthew O'Toole, Public Safety Committee Report: Councilman O'Toole stated the Public Safety Committee has not met since our last meeting, but we have a meeting on the calendar for Monday, February 23, 2026. We are going to be scheduling interviews for police promotions. Finally, I just want to remind everyone that on March 31, 2026, we have our next Gary Letzia Memorial Blood Drive. Please come out because there is a blood shortage.

Councilpresident Elizabeth Homan – Finance, Human Resources, Administration & Information Technology, Public Works & Public Utilities Reports: Councilwoman Homan stated I just don't know that everyone in Allendale understands the number of hours and the energy and the planning. This is such a big deal. It is momentous how many people you coordinated and just how smoothly you worked with everyone. It wasn't just Allendale negotiating; it was Saddle River's developments. Mayor Wilczynski said it was a team effort for sure and we had a great team. Councilwoman Homan said to be protected and to hear that date of June 30, 2035, that's enormous. Thank you, Amy, for leading everyone.

Regarding Sewer and Water, things are moving along. We continue to deal there with additional Saddle River developments. That's an ongoing challenge. We have a great team working together on that. Andy Agulgiaro and the rest of our team were also working on sewer improvements that we should be able to be implementing towards the end of the summer. Some testing to try to identify where we can best spend money.

Councilman Yaccarino, Facilities, Parks and Recreation/Land Use and Construction Code Report: Councilman Yaccarino echoed Councilwoman Homan's comments about Fair Share Housing. Amy put the team together and if we didn't start as early as we did with those deadlines on New Year's Eve, we would have been facing the eight ball. Thanks for your efforts and the team's efforts.

As far as Crestwood goes, we currently do have a request for proposals to solicit Concessionaires. I know some folks have already contacted Borough Hall for a packet. Hopefully, we'll have some options to consider there. Bands, there are folks reaching out daily wanting to play at Crestwood. Certainly, a lot more folks are looking to play Crestwood this year.

Andy and I spoke early this week about some plans for 2026 Field Maintenance priorities. We have our field maintenance contractor that we will be working with this year. Opening day is probably less than two months away.

Councilwoman Susanne Lovisolo – Finance, Human Resources, Administration & IT, Land Use and Construction Code Report: Councilpresident Lovisolo thanked the mayor for the opportunity to work with her on the Fair Share Housing and for the team that you put together. Thank you Jeff Surenian, Ray Wiss and Liz Homan. Congratulations to Amy on everything you've accomplished tonight. I don't have much to update since my last report at the last meeting, but I have two things I want to note that the library has going on. In honor of Black History Month, Mack Brandon and his Connections Gospel Choir will present a live and uplifting gospel concert, Amazing Glory. That is this Sunday, February 22nd, at our community center at 4 p.m. Also, in honor of Dr. Seuss's birthday and Read Across America, on March 2nd at 3:30 p.m., the library will be having a very special story time for our children. They will be featuring their favorite Seuss books and participants will make and enjoy a cat in the hat strawberry and cream parfait.

Mayor and Council of the Borough of Allendale Regular Meeting of Mayor and Council – February 19, 2026

Councilman Edward O'Connell, Facilities, Parks and Recreation Report: Councilman Edward O'Connell stated, I will be meeting with the girl scouts in March since we had so much snow, to work on their tree houses. I want to thank everyone involved in the Fair Share Housing. I don't believe the residents of Allendale truly understand what a big win that was.

Staff Reports:

Linda Louise Cervino, Municipal Clerk's Report. The Municipal Clerk read into the record the following:

Legal Notices on Website. P.L. 2025, c. 72 has changed the publication requirements for official public notices. There are two dates to keep in mind with the new law: January 1, 2026 and March 1, 2026. Starting on January 1, 2026, local governments (municipalities, counties, boards of education, and special districts) must publish public notices twice a month through December 31, 2026. The public notice must include the link to the municipality's webpage for official notices. The notice must include complete text that each legal notice of the local government may be obtained or viewed on the public entity's official website and provide the hyperlink. The notices must also include a hyperlink to the Secretary of State's public notice webpage. The Secretary of State has until March 1, 2026, to establish the website link. So, basically, 2 times per month until December 31, 2026, I have to publish in the newspaper the following:

Sample Letter to the Newspaper:

PLEASE TAKE NOTICE that pursuant to P.L. 2025, c. 72, the complete text of all legal notices required to be published by the Borough of Allendale shall be obtained or viewed by the public on our official borough website at www.allendalenj.gov under "Legal Notices" and on the official Secretary of State's website <https://www.nj.gov/state/statewide-legal-notices-list.shtml>. The direct link to the Legal Notice page of the Borough of Allendale is <https://www.allendalenj.gov/your-government/news-and-notices/legal-notices/#>.

Starting on March 1, 2026, local governments must publish their legal notices on their official websites. This, however, does not prohibit local governments from using print publications in addition to publishing notices on their official websites. A municipality may publish legal notices in a print or online newspaper if they choose, but they still must publish them on their municipal website. If a local unit uses an online news publication, it must prominently display a hyperlink on its website to the online news publication. Online newspapers must publish any legal notices they receive within 24 hours of receipt. Cost to publish online notices cannot exceed the rate established in N.J.S.A. 35:2-1.

The Borough's Website official website must be accessible, free of charge, with the items conspicuously placed on the website. Notices must be displayed for at least one week, or other time period as required by law, before transferring the notice to the archive. The notices must be archived for at least one year. The archive is not subject to the records retention schedule established by the State Records Committee or the Destruction of Public Records law.

Regular Meeting of Mayor and Council – February 19, 2026**

Election Meeting/Bergen County Prosecutor's Office:

I attended an elections security meeting hosted by the Bergen County Prosecutor's Office (Cyber Unit), Office of Emergency Management (OEM), and the Bergen County Sheriff's Bomb Squad. The session focused on municipal preparedness, continuity of operations, and response protocols related to swatting and other threat incidents. Bergen County had 12 threats last year.

Municipal Clerk as a Wedding Officiant: P.L. 2025, c. 222 expands the list of positions authorize to perform marriages and civil unions to include municipal clerks.

If a Municipal Clerk performs a marriage ceremony, they may not participate in any other steps of the marriage process for that same marriage. This includes accepting the marriage application, issuing the marriage license, receiving the completed marriage license, or being involved in any future issuance related to a marriage they performed. All related duties must be handled by another authorized individual to avoid conflict.

On Friday, March 6, 2026, I will have a Lunch & Learn which will explain the new law and provide guidance and insights for municipal clerks performing weddings and civil unions.

Andrew Aguliario, DPW Superintendent: We've been busy doing some maintenance on buildings and vehicle maintenance. Christmas tree pickup continues. Just a reminder to the residents, due to the snow, try not to park in front of your houses on side streets across from each other. It's a hinderance to emergency services when they pass. Not only did the snow narrow down the roads, but also now having your cars on the road parked across from each other it narrows it even more. I'm very happy to see that we've introduced the ordinances for the fire hydrant ordinance. That's excellent for emergency services. We are tracking another snowstorm for this weekend, Sunday into Monday. Unless it's an emergency, please stay off the road. You're safer at home than on the streets in a snowstorm.

Raymond Wiss, Borough Attorney's Report: Attorney Ray Wiss stated most of the time had been spent on topics that have already been addressed, which is the affordable housing and sewer related items, particularly involving Saddle River. While comments were made with respect to your extraordinary efforts, I do want to focus more on extraordinary results. Something Jeff mentioned that really shouldn't be overlooked is when the numbers first came out, to have a number of 159 units that in a settlement approved by the panel judge and Fair Share Housing involved four units. Round Four was the 200 and it got reduced to 4 and the 159 was the Rehab that got reduced to 10. Both extraordinary results. In some of our surrounding towns, Saddle River, Woodcliff Lake and Montvale, there are significant new projects going up with significant new units. In Allendale, there are no new projects with no new units, so these numbers are great numbers and are being addressed without additional construction. So, it's not only a testament to your efforts, but also the results achieved.

Secondly, with respect to sewer-related issues, notwithstanding that a judge indicated that we had an obligation to provide sewer service for a project located in Saddle River, I think it's a new depth use of both litigation and negotiation. We got paid \$500,000 to do that, which the Court told us we had to do. I thought it was really appropriate not only for the efforts, but the results.

**Mayor and Council of the Borough of Allendale
Regular Meeting of Mayor and Council – February 19, 2026**

MAYOR'S REPORT:

Mayor Wilczynski stated that it really was a team effort. In assembling the team in the very beginning really was critical. The approach taken was proactive and strategic rather than reactionary. The numbers that they gave us are just completely unattainable from last year and then this year. It's not that we are against affordable housing. We said this from the very beginning. It's just that it's the high-density housing that's benefiting the developer. So, it's a system that has to be changed and it has to be changed with accountability. We went through all the iterations. The main outcome is we had our RDP, Realistic Development Potential of four. And we do not have to build anything in this ten-year span. Of course we have the overlay zones, but they're all on Boroline Road. Look around at all the other towns. Even if we had, say our RDP was four or five, that's 20 units that we have to put somewhere. So, we would have to find and build four or five stories somewhere to fit that in and we just don't have a lot of land. It was a group effort. We will be talking about it more at the town hall, which is Thursday, February 26th. I'll answer everybody's questions there. We'll put out a short memo because it's very complicated as you can see with all the ordinances and resolutions today. But it's very nice to be at this point. We're very secure.

As our planner said at the Land Use Board, we have one of the best outcomes. I really appreciate everybody's effort. Mr. Wiss said apart from the numerical aspect, one of the initial proposals insisted on quite a span of time by Fair Share was to have overlay zoning in the downtown area, which would have drastically changed the character of the community. So, it was not only in the numbers that there was a tremendous outcome, but it avoided what would have been a rather impactful scenario even to have the downtown area be zoned to allow that type of housing. Mayor Wilczynski said it wouldn't have been just two or three stories. It was three to four stories. They look at it because we have our transit lot there, but it's a small downtown area. Even though we have a transit lot and transportation, people still need cars in the suburban area. There needs to be more market study and research. Hopefully, the new governor will do something because it really comes from the state.

We will be working on the budget and looking to adopt that in mid-March. We're still planning our 250th festivities.

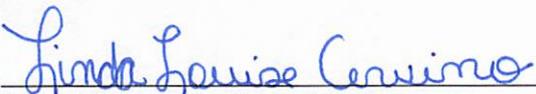

UNFINISHED BUSINESS/NEW BUSINESS: There was no unfinished business or new business.

PUBLIC COMMENTS ON ANY MATTER: No one from the public came forward.

ADJOURNMENT:

There being no further business to come before the Mayor and Council, on a motion by Councilwoman Homan, second by Councilman O'Toole and unanimously carried, the work meeting was adjourned at 7:41 p.m.

Respectfully submitted,

Linda Louise Cervino, RMC

- (1) An assisted living residence is a facility licensed by the New Jersey Department of Health to provide apartment-style housing and congregate dining and to assure that assisted living services are available. All or a designated number of apartments in the facility shall be restricted to low- and moderate-income households.
- (2) The unit of credit shall be the apartment. However, a two-bedroom apartment shall be eligible for two units of credit if it is restricted to two unrelated individuals.

- (6) The units shall comply with UHAC with the following exceptions:
 - (a) Affirmative marketing (N.J.A.C. 5:80-26.16); provided that the units are restricted to recipients of Medicaid waivers;
 - (b) The deed restriction may be on the facility, rather than individual apartments or rooms;

- (c) Low/moderate income split and affordability average (N.J.A.C. 5:80-26.4); only if all of the affordable units are affordable to households at a maximum of 60 percent of median income; and
 - (7) Tenant income eligibility (N.J.A.C. 5:80-26.14); up to 80 percent of an applicant's gross income may be used for rent, food and services based on occupancy type and the affordable unit must receive the same basic services as required by the Agency's underwriting guidelines and financing policies. The cost of non-housing related services shall not exceed one and two-thirds times the rent established for each unit.
- E. Supportive Housing and Group Homes (per N.J.A.C. 5:97-6.10).
- (1) The following provisions shall apply to group homes, residential health care facilities, and supportive shared living housing:
 - (a) Units are subject to Affirmative Marketing requirements, household certification, and administrative agent oversight; and may, with the approval of the municipal housing liaison and the administrative agent, be leased either by the bedroom or to a single household in the case of multi-bedroom configurations, provided such arrangement is consistent with the Federal Fair Housing Act (Title VIII of the Civil Rights Act of 1968).
 - (b) Units may, with the approval of the administrative agent, be subject to a master lease by an approved supportive housing operator, provided that all subleases are to be certified supportive housing households and remain fully subject to the affordability controls of this subchapter. Rents for supportive housing units shall not exceed the rent standards established and published by the New Jersey Department of Human Services.
 - (c) The unit of credit shall be the bedroom. However, the unit of credit shall be the unit if occupied by a single person or household.
 - (d) Housing that is age-restricted shall be included with the maximum number of units that may be age-restricted pursuant to the Act.
 - (e) Occupancy shall not be restricted to youth under 18 years of age.

 - (g) The bedrooms and/or units shall comply with UHAC with the following exceptions:
 - [1] Affirmative marketing; however, group homes, residential health care facilities, permanent supportive housing, and supportive shared living housing shall be affirmatively marketed to broadest possible population of qualified individuals with special needs in accordance with a plan approved by the sponsoring program;

[2] Affordability average and bedroom distribution (N.J.A.C. 5:80-26.4).

- (h) With the exception of units established with capital funding through a 20-year operating contract with the Department of Human Services, Division of Developmental Disabilities, group homes, residential health care facilities, supportive shared living housing and permanent supportive housing shall have the appropriate controls on affordability in accordance with the Act. In the event that a supportive housing provider is unable to record or execute a long-term deed restriction, the units shall be subject to annual recertification by the Municipal Housing Liaison to confirm continued occupancy and compliance with this Section.
- (i) Objective standards shall be applied in the selection of tenants for supportive housing units and shall be designed to ensure that individuals are not excluded in an arbitrary or capricious manner.
- (j) The following documentation shall be submitted by the sponsor to the municipality prior to marketing the completed units or facility:
 - [1] An Affirmative Marketing Plan in accordance with D1 above; and
 - [2] If applicable, proof that the supportive and/or special needs housing is regulated by the New Jersey Department of Health and Senior Services, the New Jersey Department of Human Services or another State agency in accordance with the requirements of this section, which includes validation of the number of bedrooms or units in which low- or moderate-income occupants reside.
- (k) The sponsor/owner shall complete annual monitoring as directed by the MHL.

F. Regional Income Limits.

- (1) Administrative agents shall use the current regional income limits for the purpose of pricing affordable units and determining income eligibility of households.
- (2) Regional income limits are based on regional median income, which is established by a regional weighted average of the “median family incomes” published by HUD. The procedure for computing the regional median income is detailed in N.J.A.C. 5:80-26.3.
- (3) Updated regional income limits are effective as of the effective date of the regional Section 8 income limits for the year, as published by HUD, or 45 days after HUD publishes the regional Section 8 income limits for the year, whichever comes later. The new income limits may not be less than those of the previous year.

G. Maximum Initial Rents And Sales Prices.

- (1) In establishing rents and sales prices of affordable housing units, the Administrative Agent shall follow the procedures set forth in UHAC N.J.A.C. 5:80-26.4.

- (2) The average rent for all restricted units within each affordable housing development shall be affordable to households earning no more than 52 percent of regional median income.
- (3) The maximum rent for restricted rental units within each affordable housing development shall be affordable to households earning no more than 60% of regional median income.
- (4) The developers and/or municipal sponsors of restricted rental units shall establish at least one rent for each bedroom type for both low-income and moderate-income units, provided that at least 13% of all low- and moderate-income rental units shall be affordable to households earning no more than 30% of median income. These very low-income units shall be part of the low-income requirement and very-low-income units should be distributed between each bedroom count as proportionally as possible, to the nearest whole unit, to the total number of restricted units within each bedroom count.
- (5) The maximum sales price of restricted ownership units within each affordable housing development shall be affordable to households earning no more than 70% of median income, and each affordable housing development must achieve an affordability average that does not exceed 55% for all restricted ownership units. In achieving this affordability average, moderate-income ownership units must be available for at least three different prices for each bedroom type, and low-income ownership units must be available for at least two different prices for each bedroom type when the number of low- and moderate-income units permits.
- (6) The master deeds and declarations of covenants and restrictions for affordable developments may not distinguish between restricted units and market-rate units in the calculation of and condominium or homeowner association fees and special assessments to be paid by low- and moderate-income purchasers and those to be paid by market-rate purchasers. Notwithstanding the foregoing sentence, condominium units subject to a municipal ordinance adopted before December 20, 2004, which ordinance provides for condominium or homeowner association fees and/or assessments different from those provided for in this subsection are governed by the ordinance.
- (7) In determining the initial sales prices and rents for compliance with the affordability average requirements for restricted family units, the following standards shall be met:
 - (a) A studio or efficiency unit shall be affordable to a one-person household;
 - (b) A one-bedroom unit shall be affordable to a one and one-half person household;
 - (c) A two-bedroom unit shall be affordable to a three-person household;
 - (d) A three-bedroom unit shall be affordable to a four and one-half person household; and

- (e) A four-bedroom unit shall be affordable to a six-person household.
- (8) In determining the initial rents and sales prices for compliance with the affordability average requirements for restricted units in assisted living facilities and age-restricted and special needs and supportive housing developments, the following standards shall be met:
- (a) A studio or efficiency unit shall be affordable to a one-person household;
 - (b) A one-bedroom unit shall be affordable to a one and one-half person household;
and
 - (c) A two-bedroom unit shall be affordable to a two-person household or to two one-person households. Where pricing is based on two one-person households, the developer shall provide a list of units so priced to the Municipal Housing Liaison and the Administrative Agent.
- (9) The initial purchase price for all restricted ownership units shall be calculated so that the monthly carrying cost of the unit, including principal and interest (based on a mortgage loan equal to 95 percent of the purchase price and the FreddieMac 30-Year Fixed Rate-Mortgage rate of interest), property taxes, homeowner and private mortgage insurance and condominium or homeowner association fees do not exceed 30 percent of the eligible monthly income of the appropriate size household as determined pursuant to N.J.A.C. 5:80-26.7, as may be amended and supplemented; provided, however, that the price shall be subject to the affordability average requirement of N.J.A.C. 5:80-26.4, as may be amended and supplemented.
- (10) The initial rent for a restricted rental unit shall be calculated so that the total monthly housing expense, including an allowance for tenant-paid utilities, does not exceed 30 percent of the gross monthly income of a household of the appropriate size whose income is targeted to the applicable percentage of median income for the unit, as determined pursuant to N.J.A.C. 5:80-26.3, as may be amended and supplemented. The rent shall also comply with the average affordability requirement of N.J.A.C. 5:80-26.4, as may be amended and supplemented. The initial rent for a restricted rental unit shall be calculated so the eligible monthly housing expenses/income, including an allowance for tenant-paid utilities does not exceed 30 percent of gross income of and the appropriate household size as determined pursuant to N.J.A.C. 5:80-26.3, as may be amended and supplemented.
- (11) At the anniversary date of the tenancy of the certified household occupying a restricted rental unit, following proper notice provided to the occupant household pursuant to N.J.S.A. 2A:18-61.1.f, the rent may be increased to an amount commensurate with the annual percentage increase in the Consumer Price Index for All Urban Consumers (CPI-U), specifically U.S. Bureau of Labor Statistics Series CUUR0100SAH, titled "Housing in Northeast urban, all urban consumers, not seasonally adjusted." Rent increases for units constructed pursuant to Low-Income

Housing Tax Credit regulations shall be indexed pursuant to the regulations governing Low-Income Housing Tax Credits.

§ 81-6. Extension of Controls.

The Fair Housing Act permits credit for extension of controls and UHAC establishes standards for this mechanism

Extension of Controls Program (for ownership units per UHAC at N.J.A.C. 5:80-26.6(h) through (k) and (m); and for rental units N.J.A.C. 5:80-26.12(h) through (k)).

- (1) An extension of affordability controls program is established to maintain and extend the affordability of deed restricted units scheduled to come out of their affordability control period, UHAC, including the following:
 - (a) The affordable unit meets the criteria for prior cycle (April 1, 1980 - December 15, 1986) or post December 15, 1986 credits.
 - (b) The affordability controls for the unit measured from the date that the initial certified household takes title, are scheduled to expire in the current round; or in the next round of housing obligations if the municipal election to extend controls is made no earlier than one year before the end of the current round;
 - (c) The municipality shall obtain a continuing certificate of occupancy or a certified statement from the municipal building inspector stating that the restricted unit meets all code standards.
 - (d) If a unit requires repair and/or rehabilitation work in order to receive a continuing certificate of occupancy or certified statement from the municipal building inspector, the municipality shall fund and complete the work.
 - (e) The municipality shall adhere to the process for extending controls pursuant to UHAC for extending ownership units and rental units, either inclusionary or 100% affordable developments.
 - (f) The deed restriction for the extended control period shall be filed with the County Clerk.

81-7 Condominium and homeowners' association fees.

- A. For any affordable housing unit that is part of a condominium association and/or homeowners' association, the master deed shall reflect that the association fee assessed for each affordable housing unit shall be established at 100% of the market rate fee.

ARTICLE II

Affordable Unit Controls and Requirements

§ 81-10. Purpose.

- A. For any affordable housing unit that is part of a condominium association and/or

homeowners' association, the master deed shall reflect that the association fee assessed for each affordable housing unit shall be established at 100% of the market rate fee.

§ 81-11. Affirmative Marketing.

- A. The municipality shall adopt, by resolution, an Affirmative Marketing Plan, subject to approval of the Superior Court, compliant with N.J.A.C. 5:80-26.16, as may be amended and supplemented.
- B. The Affirmative Marketing Plan is a regional marketing strategy designed to attract buyers and/or renters of all majority and minority groups, regardless of race, creed, color, national origin, ancestry, marital or familial status, gender, affectional or sexual orientation, disability, age, or number of children, to housing units which are being marketed by a developer, sponsor or owner of affordable housing. The Affirmative Marketing Plan is intended to target those potentially eligible persons who are least likely to apply for affordable units in that region. It is a continuing program that directs all marketing activities toward Housing Region 1 comprising Bergen, Hudson, Passaic and Sussex Counties and is required to be followed throughout the period of deed restriction.
- C. The Affirmative Marketing Plan provides the following preferences, provided that units that remain unoccupied after these preferences are exhausted may be offered to households without regard to these preferences.
 - (1) Where the municipality has entered into an agreement with a developer or residential development owner to provide a preference for very-low-, low-, and moderate-income veterans who served in time of war or other emergency, pursuant to N.J.S.A. 52:27D-311.j, there shall be a preference for veterans for up to 50 percent of the restricted rental units in a particular project.
 - (2) There shall be a regional preference for all households that live and/or work in Housing Region 1.
 - (3) Subordinate to the regional preference, there shall be a preference for households that live and/or work in New Jersey.
- D. The municipality has the ultimate responsibility for adopting the Affirmative Marketing Plan and for the proper administration of the Affirmative Marketing Process, including the marketing of initial sales and rentals and resales and re-rentals. The Administrative Agent designated by the municipality shall implement the Affirmative Marketing Process to ensure the Affirmative Marketing of all affordable units, with the exception of affordable programs that are exempt from Affirmative Marketing as noted herein.
- E. The Affirmative Marketing Process shall describe the media to be used in advertising and publicizing the availability of housing. In implementing the Affirmative Marketing Process, the Administrative Agent shall consider the use of language translations where

appropriate.

- F. Applications for affordable housing or notices thereof, if offered online, shall be available in several locations, including, at a minimum, the County Administration Building and/or the County Library for each county within the housing region; the municipal administration building and municipal library in the municipality in which the units are located; and the developer's rental or sales office. The developer shall mail applications to prospective applicants upon request and shall make applications available through a secure online website address.
- G. In addition to other Affirmative Marketing strategies, the Administrative Agent shall provide specific notice of the availability of affordable housing units on the New Jersey Housing Resource Center website. Any other entities, including developers or persons or companies retained to implement the Affirmative Marketing Process, shall comply with this paragraph.
- H. In implementing the Affirmative Marketing Process, the Administrative Agent shall provide a list of counseling services to low- and moderate-income applicants on subjects such as budgeting, credit issues, mortgage qualification, rental lease requirements, and landlord/tenant law.
- I. The Affirmative Marketing Process for available affordable units shall begin at least four months (120 days) prior to the expected date of occupancy.
- J. The cost to affirmatively market the affordable units shall be the responsibility of the developer, sponsor or owner, with the exception of Affirmative Marketing for resales.

§ 81-12. Selection of Occupants of Affordable Housing Units.

- A. The Administrative Agent shall use a random selection process to select occupants of very low-, low- and moderate-income housing.
- B. A pool of interested households will be maintained in accordance with the provisions of N.J.A.C. 5:80-26.16.

§ 81-13. Occupancy Standards.

- A. In referring certified households to specific restricted units, to the extent feasible, and without causing an undue delay in occupying the unit, the Administrative Agent shall strive to:
- B. Ensure each bedroom is occupied by at least one person, except for age-restricted and supportive and special needs housing units;
- C. Provide a bedroom for every two adult occupants;
- D. With regard to occupants under the age of 18, accommodate the household's requested arrangement, except that such arrangement may not result in more than two occupants under the age of 18 occupying any bedroom; and
- E. Avoid placing a one-person household into a unit with more than one bedroom.

§ 81-14. Control Periods for Restricted Ownership Units and Enforcement Mechanisms.

- A. Control periods for restricted ownership units shall be in accordance with N.J.A.C. 5:80- 26.6, as may be amended and supplemented, and each restricted ownership unit shall remain subject to the controls on affordability for a period of at least 30 years subject to the requirements of N.J.A.C. 5:80-26.6, as may be amended and supplemented.
- B. Rehabilitated housing units that are improved to code standards shall be subject to affordability controls for a period of not less than 10 years (crediting towards present need only).
- C. The affordability control period for a restricted ownership unit shall commence on the date the initial certified household takes title to the unit. For all transactions going forward, the date of commencement shall be identified in the deed restriction.
- D. If existing affordability controls are being extended, the extended control period for a restricted ownership unit commences on the effective date of the extension, which is the end of the original control period.
- E. After the end of any control period, the restricted ownership unit remains subject to the affordability controls set forth in this subchapter until the owner gives notice of their intent to make an exit sale, at which point:
 - (1) If the municipality exercises the right to extend the affordability controls on the unit, no exit sale occurs and a new control period commences; or
 - (2) If the municipality does not exercise the right to extend the affordability controls on the unit, the affordability controls terminate following the exit sale.
 - (3) Notwithstanding the foregoing, nothing herein is intended to eliminate the right of a municipality with a 95/5 deed to allow the unit to be sold at fair market value and to capture 95 percent of the differential for affordable housing.
- F. Prior to the issuance of any building permit for the construction/rehabilitation of restricted ownership units, the developer/owner and the municipality shall record a preliminary instrument provided by the Administrative Agent.
- G. Prior to the issuance of the initial certificate of occupancy for a restricted ownership unit and upon each successive sale during the period of restricted ownership, the Administrative Agent shall determine the restricted price for the unit and shall also determine the nonrestricted, fair market value of the unit based on either an appraisal or the unit's equalized assessed value without the restrictions in place.
- H. At the time of the initial sale of the unit and upon each successive price-restricted sale, the initial purchaser shall execute and deliver to the Administrative Agent a recapture note obliging the purchaser, as well as the purchaser's heirs, successors, and assigns, to repay, upon the first non-exempt sale after the unit's release from the restrictions set forth in this Ordinance, an amount equal to the difference between the unit's non-

restricted fair market value and its restricted price, and the recapture note shall be secured by a recapture lien evidenced by a duly recorded mortgage on the unit.

- I. The affordability controls set forth in this Ordinance shall remain in effect despite the entry and enforcement of any judgment of foreclosure with respect to price-restricted ownership units.

§ 81-15. Price Restrictions for Restricted Ownership Units and Resale Prices.

- A. Price restrictions for restricted ownership units shall be in accordance with N.J.A.C. 5:80-26.7, as may be amended and supplemented, including:
 - (1) The initial purchase price and affordability percentage for a restricted ownership unit shall be set by the Administrative Agent.
 - (2) The Administrative Agent shall approve all resale prices, in writing and in advance of the resale, to assure compliance with the standards set forth in N.J.A.C 5:80-26.7.
 - (a) If the resale occurs prior to the one-year anniversary of the date on which title to the unit was transferred to a certified household, the maximum resale price for a is the most recent non-exempt purchase price.
 - (b) If the resale occurs on or after such anniversary date, the maximum resale price is the most recent non-exempt purchase price increased to reflect the cumulative annual percentage increases to the regional median income, effective as of the same date as the regional median income calculated pursuant to N.J.A.C. 5:80-26.3
 - (3) The owners of restricted ownership units may apply to the Administrative Agent to increase the maximum sales price for the unit on the basis of anticipated capital improvements. Eligible capital improvements shall be:
 - (a) those that render the unit suitable for a larger household or the addition of a bathroom.
 - (b) The maximum resale price may be further increased by an amount up to the cumulative dollar value of approved capital improvements made after the last non-exempt sale for improvements and/or upgrades to the unit, excluding capital improvements paid for by the entity favored on the recapture note and recapture lien described at N.J.A.C. 5:80-26.6(d);
 - (4) No increase for capital improvements is permitted if the maximum resale price prior to adjusting for capital improvements already exceeds whatever initial purchase price the unit would have if it were being offered for purchase for the first time at the initial affordability percentage. All adjustments for capital improvements are subject to 10-year, straight-line depreciation.
- B. Upon the resale of a restricted ownership unit, all items of property that are permanently affixed to the unit or were included when the unit was initially restricted (for example, refrigerator, range, washer, dryer, dishwasher, wall-to-wall carpeting)

shall be included in the maximum allowable resale price. Other items may be sold to the purchaser at a reasonable price that has been approved by the Administrative Agent at the time of the signing of the agreement to purchase but shall be separate and apart from any contract of sale for the underlying real estate. The purchase of central air conditioning installed subsequent to the initial sale of the unit and not included in the base price may be made a condition of the unit resale provided the price of the air conditioning equipment, which shall be subject to 10-year, straight-line depreciation, has been approved by the Administrative Agent. Unless otherwise approved by the Administrative Agent, the purchase of any property other than central air conditioning shall not be made a condition of the unit resale. The seller and the purchaser must personally certify at the time of closing that no unapproved transfer of funds for the purpose of selling and receiving property has taken place at the time of or as a condition of resale.

§ 81-16. Buyer Income Eligibility.

- A. Buyer income eligibility for restricted ownership units shall be established pursuant to N.J.A.C. 5:80-26.17, as may be amended and supplemented, such that very low-income ownership units shall be reserved for occupancy by households with a gross household income less than or equal to 30% of median income, low-income ownership units shall be reserved for occupancy by households with a gross household income less than or equal to 50% of median income and moderate-income ownership units shall be reserved for occupancy by households with a gross household income less than 80% of median income.
- B. Notwithstanding the foregoing, the Administrative Agent may, upon approval by the municipality, and subject to the Division's approval, permit a moderate-income purchaser to buy a low-income unit if and only if the Administrative Agent can demonstrate that there is an insufficient number of eligible low-income purchasers in the housing region to permit prompt occupancy of the unit and all other reasonable efforts to attract a low-income purchaser, including pricing and financing incentives, have failed. Any such low-income unit that is sold to a moderate-income household shall retain the required pricing and pricing restrictions for a low-income unit. Similarly, the administrative agent may permit low-income purchasers to buy very-low-income units in housing markets where, as determined by the Division, units are reserved for very-low-income purchasers, but there is an insufficient number of very-low-income purchasers to permit prompt occupancy of the units. In such instances, the purchased unit must be maintained as a very-low-income unit and sold at a very-low-income price point such that on the next resale the unit will still be affordable to very-low-income households and able to be purchased by a very-low-income household. A very-low-income unit that is seeking bonus credit pursuant to N.J.S.A. 52:27D-311.k(9) must first be advertised exclusively as a very-low-income unit according to the Affirmative Marketing requirements at N.J.A.C. 5:80-26.16, then advertised as a very-low-income or low-income unit for at least 30 additional days prior to referring any

low-income household to the unit.

- C. A certified household that purchases a restricted ownership unit must occupy it as the certified household's principal residence and shall not lease the unit; provided, however, that the Administrative Agent may permit the owner of a restricted ownership unit, upon application and a showing of hardship, to lease the restricted unit to another certified household for a period not to exceed one year.
- D. The Administrative Agent shall certify a household as eligible for a restricted ownership unit when the household is a low-income household or a moderate-income household, as applicable to the unit, and the estimated monthly housing cost for the particular unit (including principal, interest, property taxes, homeowner and private mortgage insurance and condominium or homeowner association fees, as applicable) does not exceed 35 percent of the household's eligible monthly income; provided, however, that this limit may be exceeded if one or more of the following circumstances exists:
 - (1) The household currently pays more than 35% (40% for households eligible for age-restricted units) of its gross household income for housing expenses, and the proposed housing expenses will reduce its housing costs;
 - (2) The household has consistently paid more than 35% (40% for households eligible for age-restricted units) of eligible monthly income for housing expenses in the past and has proven its ability to pay; or
 - (3) The household is currently in substandard or overcrowded living conditions;
 - (4) The household documents the existence of assets, within the asset limitation otherwise applicable, with which the household proposes to supplement the rent payments.

§ 81-17. Limitations on Indebtedness Secured by Ownership Unit; Subordination.

- A. Prior to incurring any indebtedness to be secured by a restricted ownership unit, the owner shall apply to the Administrative Agent for a determination in writing that the proposed indebtedness complies with the provisions of this Section, and the Administrative Agent shall issue such determination prior to the owner incurring such indebtedness.
- B. With the exception of original purchase money mortgages, neither an owner nor a lender shall at any time during the control period cause or permit the total indebtedness secured by a restricted ownership unit to exceed 95% of the maximum allowable resale price of that unit, as such price is determined by the Administrative Agent in accordance with N.J.A.C. 5:80-26.7(c).
- C. Control Periods for Restricted Rental Units.
 - (1) Control periods for units that meet the definition of prior round units shall be pursuant to the 2001 UHAC rules originally adopted October 1, 2001, 33 N.J.R.

3432, and amended December 20, 2004, 36 N.J.R. 5713 and shall remain subject to the requirements of this ordinance for a period of at least 30 years as applicable unless otherwise indicated.

- (2) Other than for prior round units, control periods for restricted rental units shall be in accordance with N.J.A.C. 5:80-26.12, as may be amended and supplemented, and each restricted rental unit shall remain subject to the requirements of this Ordinance for a period of at least 40 years. Restricted rental units created as part of developments receiving 9% Low-Income Housing Tax Credits must comply with a control period of not less than a 30-year compliance period plus a 15-year extended use period for a total of 45 years.
- (3) The affordability control period for a restricted rental unit shall commence on the first date that a unit is issued a certificate of occupancy following the execution of the deed restriction or, if affordability controls are being extended, on the effective date of the extension, which is the end of the original control period.
- (4) Rehabilitated renter-occupied housing units that are improved to code standards shall be subject to affordability controls for a period of not less than 10 years.
- (5) Prior to the issuance of any building permit for the construction/rehabilitation of restricted rental units, the developer/owner and the municipality shall record a preliminary instrument provided by the Administrative Agent.
- (6) Deeds of all real property that include restricted rental units shall contain deed restriction language. The deed restriction shall have priority over all mortgages on the property. The deed restriction shall be recorded by the developer with the county records office, and provided as filed and recorded, to the Administrative Agent within 30 days of the receipt of a certificate of occupancy.
- (7) A restricted rental unit shall remain subject to the affordability controls of this Ordinance despite the occurrence of any of the following events:
 - (a) Sublease or assignment of the lease of the unit;
 - (b) Sale or other voluntary transfer of the ownership of the unit;
 - (c) The entry and enforcement of any judgment of foreclosure on the property containing the unit; or
 - (d) The end of the control period, until the occupant household vacates the unit, or is certified as over-income and the controls are released in accordance with UHAC.

§ 81-18. Rent Restrictions for Rental Units; Leases and Fees.

- A. The initial rent for a restricted rental unit shall be set by the Administrative Agent.
- B. A written lease shall be required for all restricted rental units, except for units in an assisted living residence, and tenants shall be responsible for security deposits and the

full amount of the rent as stated on the lease. A copy of the current lease for each restricted rental unit shall be retained on file by the Administrative Agent.

- C. No additional fees, operating costs, or charges shall be added to the approved rent (except, in the case of units in an assisted living residence, to cover the customary charges for food and services) without the express written approval of the Administrative Agent.
 - (1) Operating costs, for the purposes of this section, include certificate of occupancy fees, move-in fees, move-out fees, mandatory internet fees, mandatory cable fees, mandatory utility submetering fees, and for developments with more than one and a half off-street parking spaces per unit, parking fees for one parking space per household.
- D. Any fee structure that would remove or limit affordable unit occupant access to any amenities or services that are required or included for market-rate unit occupants is prohibited. Application fees (including the charge for any credit check) shall not exceed 5% of the monthly rent of the applicable restricted unit to be applied to the costs of administering the controls applicable to the unit as set forth in this Ordinance.
- E. Fees for unit-specific, non-communal items that are charged to market-rate unit tenants on an optional basis, such as pet fees for tenants with pets, storage spaces, bicycle-share programs, or one-time rentals of party or media rooms, may also be charged to affordable unit tenants, if applicable.
- F. Pet fees may not exceed \$30.00 per month and associated one-time payments for optional fees pertaining to pets, such as a pet cleaning fee, are prohibited.
- G. Fees charged to affordable unit tenants for other optional, unit-specific, non-communal items shall not exceed the amounts charged to market-rate tenants.
- H. For any prior round rental unit leased before December 20, 2024, elements of the existing fee structure that are consistent with prior rules, but inconsistent with 5:80-26.13(c)1, may continue until the occupant household's current lease term expires or that occupant household vacates the unit, whichever occurs later.

§ 81-19. Tenant Income Eligibility.

§ 81-22. Enforcement of Affordable Housing Regulations.

- A. Upon the occurrence of a breach of any of the regulations governing the affordable unit by an owner, developer or tenant, the municipality shall have all remedies provided at law or equity, including but not limited to foreclosure, tenant eviction, municipal fines,

a requirement for household recertification, acceleration of all sums due under a mortgage, recoupment of any funds from a sale in the violation of the regulations, injunctive relief to prevent further violation of the regulations, entry on the premises, and specific performance.

B. After providing written notice of a violation to an owner, developer or tenant of an affordable unit and advising the owner, developer or tenant of the penalties for such violations, the municipality may take the following action against the owner, developer or tenant for any violation that remains uncured for a period of 60 days after service of the written notice:

(1) The municipality may file a court action pursuant to N.J.S.A. 2A:58-11 alleging a violation, or violations, of the regulations governing the affordable housing unit. If the owner, developer or tenant is found by the Court to have violated any provision of the regulations governing affordable housing units the owner, developer or tenant shall be subject to one or more of the following penalties, at the discretion of the Court:

(a) A fine of not more than \$500/day or imprisonment for a period not to exceed 90 days, or both, unless otherwise specified below, provided that each and every day that the violation continues or exists shall be considered a separate and specific violation of these provisions and not a continuation of the initial offense;

(b) In the case of an owner who has rented his or her low- or moderate-income unit in violation of the regulations governing affordable housing units, payment into the municipal Affordable Housing Trust Fund of the gross amount of rent illegally collected;

(c) In the case of an owner who has rented his or her affordable unit in violation of the regulations governing affordable housing units, payment of an innocent tenant's reasonable relocation costs, as determined by the Court.

C. The municipality shall have the authority to levy fines against the owner of the development for instances of noncompliance with NJHRC advertising requirements (N.J.S.A. 52:27D-321.6.e.(2)), following written notice to the owner. The fine for the first offense of noncompliance shall be \$5,000, the fine for the second offense of noncompliance shall be \$10,000, and the fine for each subsequent offense of noncompliance shall be \$15,000.

D. The municipality may file a court action in the Superior Court seeking a judgment, which would result in the termination of the owner's equity or other interest in the unit, in the nature of a mortgage foreclosure. Any judgment shall be enforceable as if the same were a judgment of default of the first purchase money mortgage and shall constitute a lien against the low- or moderate-income unit.

(1) Such judgment shall be enforceable, at the option of the municipality, by means of

an execution sale by the Sheriff, at which time the affordable unit of the violating owner shall be sold at a sale price which is not less than the amount necessary to fully satisfy and pay off any first purchase money mortgage and prior liens and the costs of the enforcement proceedings incurred by the municipality, including attorney's fees. The violating owner shall have the right to possession terminated as well as the title conveyed pursuant to the Sheriff's sale.

- (2) The proceeds of the Sheriff's sale shall first be applied to satisfy the first purchase money mortgage lien and any prior liens upon the low- or moderate-income unit. The excess, if any, shall be applied to reimburse the municipality for any and all costs and expenses incurred in connection with either the court action resulting in the judgment of violation or the Sheriff's sale. In the event that the proceeds from the Sheriff's sale are insufficient to reimburse the municipality in full as aforesaid, the violating owner shall be personally responsible for the full extent of such deficiency, in addition to any and all costs incurred by the municipality in connection with collecting such deficiency. In the event that a surplus remains after satisfying all of the above, such surplus shall be placed in escrow by the municipality for the owner and shall be held in such escrow for a maximum period of two years or until such earlier time as the owner shall make a claim with the municipality for such. Failure of the owner to claim such balance within the two year period shall automatically result in a forfeiture of such balance to the municipality. Any interest accrued or earned on such balance while being held in escrow shall belong to and shall be paid to the municipality, whether such balance shall be paid to the owner or forfeited to the municipality.
- (3) Foreclosure due to violation of the regulations governing affordable housing units shall not extinguish the restrictions of the regulations governing affordable housing units as they apply to the low- and moderate-income unit. Title shall be conveyed to the purchaser at the Sheriff's sale, subject to the restrictions and provisions of the regulations governing the affordable housing unit. The owner determined to be in violation of the provisions of this plan and from whom title and possession were taken by means of the Sheriff's sale shall not be entitled to any right of redemption.
- (4) If there are no bidders at the Sheriff's sale, or if insufficient amounts are bid to satisfy the first purchase money mortgage and any prior liens, the municipality may acquire title to the affordable unit by satisfying the first purchase money mortgage and any prior liens and crediting the violating owner with an amount equal to the difference between the first purchase money mortgage and any prior liens and costs of the enforcement proceedings, including legal fees and the maximum resale price for which the affordable unit could have been sold under the terms of the regulations governing affordable housing units. This excess shall be treated in the same manner as the excess that would have been realized from an actual sale as previously described.
- (5) Failure of the low- or moderate-income unit to be either sold at the Sheriff's sale or

acquired by the municipality shall obligate the owner to accept an offer to purchase from any qualified purchaser that may be referred to the owner by the municipality, with such offer to purchase being equal to the maximum resale price of the low- or moderate-income unit as permitted by the regulations governing affordable housing units.

- (6) The affordable unit owner shall remain fully obligated, responsible and liable for complying with the terms and restrictions of governing affordable housing units until such time as title is conveyed from the owner.
- E. It is the responsibility of the municipal housing liaison and the administrative agent(s) to ensure that affordable housing units are administered properly. All affordable units must be occupied within a reasonable amount of time and be re-leased within a reasonable amount of time upon the vacating of the unit by a tenant. If an administrative agent or municipal housing liaison becomes aware of or suspects that a developer, landlord, or property manager has not complied with these regulations, it shall report this activity to the Division. The Division must notify the developer, landlord, or property manager, in writing, of any violation of these regulations and provide a 30-day cure period. If, after the 30-day cure period, the developer, landlord, or property manager remains in violation of any terms of this subchapter, including by keeping a unit vacant, the developer, landlord, or property manager may be fined up to the amount required to construct a comparable affordable unit of the same size and the deed-restricted control period will be extended for the length of the time the unit was out of compliance, in addition to the remedies provided for in this section. For the purposes of this subsection, a reasonable amount of time shall presumptively be 60 days, unless a longer period of time is required due to demonstrable market conditions and/or failure of the municipal housing liaison or the administrative agent to refer a certified tenant.
- F. Banks and other lending institutions are prohibited from issuing any loan secured by owner occupied real property subject to the affordability controls set forth in this subchapter if such loan would be in excess of amounts permitted by the restriction documents recorded in the deed or mortgage book in the county in which the property is located. Any loan issued in violation of this subsection is void as against public policy.
- G. The Agency and the Department hereby reserve, for themselves and for each administrative agent appointed pursuant to this subchapter, all of the rights and remedies available at law and in equity for the enforcement of this subchapter, including, but not limited to, fines, evictions, and foreclosures as approved by a county-level housing judge.
- H. Appeals
- (1) Appeals from all decisions of an administrative agent appointed pursuant to this subchapter must be filed, in writing, with the municipal housing liaison. A decision by the municipal housing liaison may be appealed to the Division. A written

decision of the Division Director upholding, modifying, or reversing an administrative agent's decision is a final administrative action.

ARTICLE IV

Development Fees

§ 81-23. Purpose.

- A. This section establishes standards for the collection, maintenance, and expenditure of development fees that are consistent with the amended Fair Housing Act (P.L.2024, c.2), N.J.A.C. 5:99, and the Statewide Non-Residential Development Fee Act (C. 40:55D-8.1 through 8.7). Fees collected pursuant to this Ordinance shall be used for the sole purpose of providing very low-, low- and moderate-income housing in accordance with a Court-approved Spending Plan.

§ 81-24. Basic Requirements

- A. The municipality previously adopted a development fee ordinance, which established the Municipal Affordable Housing Trust Fund.
- B. The municipality shall not spend development fees until the court has approved a plan for spending such fees. Approval of a Round 3 Spending Plan shall suffice to satisfy this requirement until such time as a Round 4 Spending Plan or subsequent amendments is/are approved.

§ 81-25. Residential Development Fees

A. Imposed fees

- (1) Residential developers, except for developers of the types of development specifically exempted below, shall pay a fee of 1.5% of the equalized assessed value for residential development, provided no increased density is permitted. Development fees shall also be imposed and collected when an additional dwelling unit is added to an existing residential structure; in such cases, the fee shall be calculated based on the increase in the equalized assessed value of the property due to the additional dwelling unit.
- (2) When an increase in residential density is permitted pursuant to a "d" variance granted under N.J.S.A. 40:55D-70d(5), developers shall be required to pay a "bonus" development fee of 6.0% of the equalized assessed value for each additional unit that may be realized, except that this provision shall not be applicable to a development that will include affordable housing. If the zoning on a site has changed during the two-year period preceding the filing of such a variance application, the base density for the purposes of calculating the bonus development fee shall be the highest density permitted by right during the two-year period preceding the filing of the variance application.

Example: If an approval allows four units to be constructed on a site that was zoned for two units, the fees could equal 1.5% of the equalized assessed value on the first two units; and the specified higher percentage of 6% of the equalized assessed value for the two additional units, provided zoning on the site has not changed during the two-year period preceding the filing of such a variance application.

B. Eligible exactions, ineligible exactions and exemptions for residential development

- (1) Affordable housing developments, developments where the developer is providing for the construction of affordable units elsewhere in the municipality, and developments where the developer has made an eligible payment in lieu of on-site construction of affordable units, if permitted by ordinance, or by agreement with the municipality and if approved by a municipality.
- (2) Developments that have received preliminary or final site plan approval prior to the adoption of this ordinance and any preceding ordinance permitting the collection of development fees shall be exempt from the payment of development fees, unless the developer seeks a substantial change in the original approval. Where a site plan approval does not apply, the issuance of a zoning and/or building permit shall be synonymous with preliminary or final site plan approval for the purpose of determining the right to an exemption. In all cases, the applicable fee percentage shall be determined based upon the development fee ordinance in effect on the date that the construction permit is issued.
- (3) Development fees shall be imposed and collected when an existing structure undergoes a change to a more intense use, is demolished and replaced, or is expanded, if the expansion is not otherwise exempt from the development fee requirement. The development fee shall be calculated on the increase in the equalized assessed value of the improved structure.
- (4) No development fee shall be collected for the demolition and replacement of a residential building resulting from a fire or natural disaster.

§ 81-26. Non-Residential Development Fees

A. Imposition of fees

- (1) Within all zoning districts, non-residential developers, except for developers of the types of development specifically exempted, shall pay a fee equal to 2.5% of the equalized assessed value of the land and improvements, for all new non-residential construction on an unimproved lot or lots.
- (2) Within all zoning districts, non-residential developers, except for developers of the types of development specifically exempted, shall also pay a fee equal to 2.5% of the increase in equalized assessed value resulting from any additions to existing structures to be used for non-residential purposes.

- (3) Development fees shall be imposed and collected when an existing non-residential structure is demolished and replaced. The development fee of 2.5% shall be calculated on the difference between the equalized assessed value of the pre-existing land and improvements and the equalized assessed value of the newly improved structure; i.e., land and improvements; and such calculation shall be made at the time a final certificate of occupancy is issued. If the calculation required under this section results in a negative number, the non-residential development fee shall be zero.
- B. Eligible exactions, ineligible exactions and exemptions for non-residential development
- (1) The non-residential portion of a mixed-use inclusionary or market-rate development shall be subject to a 2.5% development fee, unless otherwise exempted below.
- (2) The 2.5% fee shall not apply to an increase in equalized assessed value resulting from alterations, change in use within existing footprint, reconstruction, renovations and repairs.
- C. Non-residential developments shall be exempt from the payment of non-residential development fees in accordance with the exemptions required pursuant to the Statewide Non-Residential Development Fee Act (N.J.S.A. 40:55D-8.1 through 8.7), as specified in Form N-RDF "State of New Jersey Non-Residential Development Certification/Exemption." Any exemption claimed by a developer shall be substantiated by that developer.
- D. A developer of a non-residential development exempted from the non-residential development fee pursuant to the Statewide Non-Residential Development Fee Act shall be subject to the fee at such time as the basis for the exemption no longer applies, and shall make the payment of the non-residential development fee, in that event, within three years after that event or after the issuance of the final certificate of occupancy of the non-residential development, whichever is later.
- E. If a property that was exempted from the collection of a non-residential development fee thereafter ceases to be exempt from property taxation, the owner of the property shall remit the fees required pursuant to this section within 45 days of the termination of the property tax exemption. Unpaid non-residential development fees under these circumstances may be enforceable by the municipality as a lien against the real property of the owner.
- F. Notwithstanding anything to the contrary, if there are any inconsistencies between these regulations and the Statewide Non-residential Development Fee Act (N.J.S.A. 40:55D-8.1 through 40:55D-8.7), the Act controls.

§ 81-27. Collection Procedures

- A. Upon the granting of a preliminary, final or other applicable approval for a development, the applicable approving authority shall direct its staff to notify the construction official responsible for the issuance of a building permit.
- B. For non-residential developments only, the developer shall also be provided with a copy of Form N-RDF, "State of New Jersey Non-Residential Development Certification/Exemption," to be completed by the developer as per the instructions provided in the Form N-RDF. The construction official shall verify the information submitted by the non-residential developer as per the instructions provided on Form N-RDF. The tax assessor shall verify exemptions and prepare estimated and final assessments as per the instructions provided in Form N-RDF.
- C. The construction official responsible for the issuance of a building permit shall notify the tax assessor of the issuance of the first construction permit for a development that is subject to a development fee.
- D. Within 90 days of receipt of that notice, the tax assessor shall provide an estimate, based on the plans filed, of the equalized assessed value of the development.
- E. The construction official responsible for the issuance of a final certificate of occupancy shall notify the tax assessor of any and all requests for the scheduling of a final inspection on property that is subject to a development fee.
- F. Within 10 business days of a request for the scheduling of a final inspection, the tax assessor shall confirm or modify the previously estimated equalized assessed value of the improvements associated with the development; calculate the development fee; and thereafter notify the developer of the amount of the fee.
- G. Should the municipality fail to determine or notify the developer of the amount of the development fee within 10 business days of the request for final inspection, the developer may estimate the amount due and pay that estimated amount consistent with the dispute process set forth in Subsection b. of section 37 of P.L.2008, c.46 (N.J.S.A. 40:55D-8.6).
- H. Fifty percent (50%) of the development fee shall be collected at the time of issuance of the construction permit. The remaining portion shall be collected at the time of issuance of the certificate of occupancy. The developer shall be responsible for paying the difference between the fee calculated at the time of issuance of the construction permit and that determined at the time of issuance of certificate of occupancy.

§ 81-28. Appeal of development fees

- A. A developer may challenge residential development fees imposed by filing a challenge with the County Board of Taxation. Pending a review and determination by that board, collected fees shall be placed in an interest-bearing escrow account by the municipality. Appeals from a determination of the board may be made to the Tax Court in accordance

with the provisions of the State Tax Uniform Procedure Law, R.S. 54:48-1 et seq., within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.

- B. A developer may challenge non-residential development fees imposed by filing a challenge with the director of the Division of Taxation. Pending a review and determination by the director, which shall be made within 45 days of receipt of the challenge, collected fees shall be placed in an interest-bearing escrow account by the municipality. Appeals from a determination of the director may be made to the Tax Court in accordance with the provisions of the State Tax Uniform Procedure Law, R.S. 54:48-1 et seq., within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.

§ 81-29. Affordable Housing Trust Fund

- A. A separate, interest-bearing Municipal Affordable Housing Trust Fund shall be maintained by the chief financial officer of the municipality for the purpose of depositing development fees collected from residential and non-residential developers and proceeds from the sale of units with extinguished controls.
- B. The following additional funds shall be deposited in the Municipal Affordable Housing Trust Fund and shall at all times be identifiable by source and amount:
 - A. Payments in lieu of on-site construction of an affordable unit, where previously permitted by ordinance or by agreement with the municipality and if approved by a municipality prior to the statutory elimination of payments in-lieu on March 20, 2024 per P.L.2024, c.2;
 - B. Funds contributed by developers to make 10% of the adaptable entrances in a townhouse or other multistory attached dwelling unit development accessible;
 - C. Rental income from municipally operated units;
 - D. Repayments from affordable housing program loans;
 - E. Recapture funds;
 - F. Proceeds from the sale of affordable units; and
 - G. Any other funds collected in connection with the municipal affordable housing program including but not limited to interest earned on fund deposits.
- C. The municipality shall provide the Division with written authorization, in the form of a tri-party escrow agreement(s) between the municipality, the Division and the financial institution in which the municipal affordable housing trust fund has been established to permit the Division to direct the disbursement of the funds as provided for in N.J.A.C. 5:99-2.1 et seq.

- D. Occurrence of any of the following deficiencies may result in the Division requiring the forfeiture of all or a portion of the funds in the municipal Affordable Housing Trust Fund:
- A. Failure to meet deadlines for information required by the Division in its review of a development fee ordinance;
 - B. Failure to commit or expend development fees within four years of the date of collection in accordance with N.J.A.C. 5:99-5.5;
 - C. Failure to comply with the requirements of the Non-Residential Development Fee Act and N.J.A.C. 5:99-3;

Borough of Allendale

Owner-Occupied Housing Rehabilitation

Program

Policies and Procedures Manual

Introduction

This Policy and Procedures Manual has been prepared to guide the administration of the Borough of Allendale Owner-Occupied Housing Rehabilitation Program (the Program). The Manual serves as a reference for Program staff and applicants and establishes the policies, procedures, and requirements governing Program operations, consistent with applicable State regulations, including 5:80-26.1 et seq., Uniform Housing Affordability Controls (UHAC). Specifically, this Manual:

- Explains the objectives and structure of the Program;
- Describes the steps involved in the rental rehabilitation process;
- Sets forth eligibility requirements for participation;
- Defines applicable criteria, funding terms and conditions, and record-keeping requirements; and
- Establishes procedures for overall Program administration.

This Manual is intended to function as a working document and has been prepared in a flexible format to allow for periodic updates to individual sections, as necessary, in response to changes in regulations, administrative practices, or Program requirements.

The Program is funded by the Borough's Affordable Housing Trust Fund.

Program Purpose and Goals

The Borough of Allendale Owner-Occupied Housing Rehabilitation Program has been established to rehabilitate substandard owner-occupied housing units occupied by income-eligible households within the Borough of Allendale.

As part of the Borough's Housing Element and Fair Share Plan, the Program is intended to:

- Facilitate the repair or replacement of major building systems necessary to bring units into compliance with applicable codes and standards;
- Improve health, safety, and living conditions;
- Preserve and extend the useful life of the local owner-occupied housing stock;
- Reduce energy consumption in older homes and lower utility costs;
- Reduce the risk of childhood lead poisoning associated with deteriorated lead-based paint hazards; and

The Program is designed to achieve these objectives through the following means:

- Providing forgivable loans to eligible property owners for qualified housing rehabilitation and energy-efficiency improvements;
- Assisting property owners in identifying the type and scope of necessary rehabilitation work through inspections and cost estimates prepared by the Program Inspector/Cost Estimator (see Section III: Overview of the Administrative Process); and
- Ensuring that rehabilitation work is completed in accordance with Program standards, applicable codes, and approved work write-ups.

- Assisting property owners in selecting a qualified contractor at a fair price using Program-approved Contractors and the assistance of the Program Inspector/Cost Estimator (see Section IV. Work Write-up, Contractor Selection, Bidding & Awarding Bids).

Implementation of any procedure, even if it is not included in this Operating Manual, shall be in accordance with the Federal Fair Housing Act and Equal Opportunity laws, the Uniform Housing Affordability Controls (UHAC) N.J.A.C. 5:80-26.1 et seq., the Substantive rules of the Council on Affordable Housing, N.J.A.C. 5:93 and Procedural Rules of the Council on Affordable Housing N.J.A.C. 5:97 and the affordable housing regulations of the Borough of Allendale (hereafter referred to as the "Regulations"). Copies of these regulations are available online at: <https://www.nj.gov/dca/dlps/hss/thirdroundregs.shtml> and <https://www.nj.gov/dca/hmfa/about/uhac/>. Additional information on the Borough's Affordable Housing obligation and its Fair Share Plan can be found here:

Rehabilitation Assistance

Owner-occupied homes located in the Borough of Allendale are eligible for \$20,000 in assistance to repair or replace one or more failing or deteriorating major systems and to otherwise remove all health and safety violations. Applicants are assisted on a first-come, first-served basis. At the Borough's discretion, the maximum assistance of \$20,000 may be exceeded on a case-by-case basis.

Fair Housing and Equal Housing Opportunities

In accordance with the Federal Fair Housing Act, it is unlawful to discriminate against any person in the sale, rental, or financing of housing, or in the provision of services or facilities in connection therewith, because of race, color, religion, sex, national origin, disability, or familial status. In addition, New Jersey Law prohibits discrimination in housing on the basis of race, creed, color, national origin, ancestry, nationality, marital or domestic partnership or civil union status, familial status, sex, gender identity or expression, affectional or sexual orientation, disability, source of lawful income or source of lawful rent payment (including Section 8) by all persons including real estate agents or brokers, financial institutions, property owners, landlords, or building superintendents, and their agents and employees with respect to the sale, rental or lease of real property, listing or advertising of real property, receipt or transmittal of offers to purchase or rent real property, application and terms of a mortgage or other loan.

Regulatory Objectives and Compliance

The use of the Borough's Affordable Housing Trust Funds will require compliance with various State affordable housing rules, including the Uniform Housing Affordability Controls (N.J.A.C. 5:80-26.1 et seq.), the Substantive Rules of the Council on Affordable Housing N.J.A.C. 5:97, and the Procedural Rules of the Council on Affordable Housing N.J.A.C. 5:96, including:

- Each assisted unit must meet or exceed New Jersey State Housing Code, N.J.A.C. 5:28. For projects that require the issuance of a construction permit pursuant to the Uniform Construction Code, the unit must also comply with the requirements of the Rehabilitation Subcode, N.J.A.C. 5:23-6. In these instances, the more restrictive requirements of the New Jersey State Housing Code or the Rehabilitation Subcode shall apply; and
- Complete replacement or substantial repair of at least one major system.

General Program Information

Eligible Properties and Program Assistance

Owner-occupied homes are eligible for assistance of up to \$20,000 each to repair or replace any failing or deteriorated major system. In order to be eligible for assistance, there must be a reasonable expectation of bringing each assisted home up to New Jersey State Housing Code (N.J.A.C. 5:28) and Rehabilitation Subcode (N.J.A.C. 5:23-6) within the available funding and homeowner contributions, if necessary. At the Borough's discretion, the maximum assistance of \$20,000 may be exceeded on a case-by-case basis.

Eligible Households

To be eligible for assistance, owner-households must be income-eligible. Specifically, the owner's household must earn less than the Program's Income Limits by household size. While any household earning less than the Program's Income Limit will be considered income-eligible, each household will be tracked for statistical purposes in one of three categories based on the Program's median income limits: 80% (moderate), 50% (low), and 30% (very low).

Income Limits

The Income Limits used to determine income eligibility of tenant households are published annually by NJ HMFA and posted at <https://www.nj.gov/dca/hmfa/about/uhac/>. Income limits are established for multiple geographic

regions and household sizes. Allendale Borough is part of “Region 1” – Bergen, Hudson, Passaic, and Sussex Counties. The income level that establishes eligibility for the Program is less than eighty percent (80%) of the Area Median Income by household size. This limit is also referred to as “moderate income”.

The Program's income certification process follows N.J.A.C. 5:80-26.14, Uniform Housing Affordability Controls. Detailed information on determining eligibility is provided in the section of this manual entitled Income Eligibility Determinations.

Other Eligibility Requirements

- The property must be *located within the Borough of Allendale* with a deed recorded in the name of the applicant(s) with the Bergen County Clerk's Office.
- The property consists of *an owner-occupied residential unit*, in accordance with the land use regulations of the Borough of Allendale as determined by the Borough's Zoning Officer
- *Property taxes and mortgage payments* for the subject property must be current.
- *Water and sewer utility bills* must be current.
- *Homeowners' Insurance and Flood Insurance (if applicable)* must be current (*The cost of insurance can be included for one year if the property is not or cannot be insured at the time of application*).

Ownership and Occupancy

Proof of ownership of the property and its use as a principal place of residence must be established by the following:

1. Copy of deed;
2. Copy of declaration page from Homeowner's Insurance and Flood Insurance (if applicable);
3. Copy of a current mortgage statement, if applicable; and
4. Signed Declaration of Occupancy, which is part of the Program Application.

Certification of Substandard

To be eligible for Program assistance, at least one major system must require replacement or repair. A major system in need of repair or replacement is considered *substandard*. The substandard certification is prepared by the Program Inspector during the comprehensive inspection.

For the purposes of the Program, the following components of a dwelling are considered “major systems.”

- Roof;
- Plumbing (including wells and connections to public water systems);
- Heating;
- Electrical;
- Sanitary plumbing (including septic systems and connections to public sewer systems);
- Load-bearing structural systems;
- Removal or “control” of lead-based paint hazards; or
- Weatherization (building insulation for attic, exterior walls, and crawl space, siding to improve energy efficiency, replacement storm windows and storm doors, and replacement windows and doors).

Certification Existing Conditions

To receive assistance, each home must have a verifiable need. A Program Inspector will visit each home to document existing conditions.

Eligible Improvements

Program funds will be available to address quality-of-life housing issues, correct existing and emerging code violations, minimize the risk of lead-based paint poisoning, and correct weatherization deficiencies as identified in the project's Work Write-Up, with detailed specifications.

Housing rehabilitation funds may be used only for repairs or system replacements necessary to bring a substandard unit into compliance with municipal health, safety, and building codes, correct applicable code violations, as well as any other work that is reasonable and deemed necessary or is related to the necessary repairs. The cost for one year of property insurance can be included in the assistance if no insurance is in place at the time of application.

In addition to and after the repair or replacement of all major systems, work may include, but not be limited to, the following:

- Interior trim work;
- Interior and/or exterior doors;
- Interior and/or exterior hardware;
- Interior stair repair;
- Exterior step repair or replacement;
- Porch repair;
- Wall surface repair;
- Painting; or
- Exterior rain carrying system repair.

Any agreements between the Contractor and the Owner for "side work", outside the scope of the Program's work write-up, will not be accepted and cannot be completed during participation in the Program. The Borough shall not be held responsible for any work performed by the Contractor that is not part of the work write-up and/or approved change order.

Ineligible Improvements

Work not eligible for program funding includes, but is not limited to, luxury improvements (improvements which are strictly cosmetic), additions, conversions (basement, garage, porch, attic, etc.), repairs to structures separate from the living units (detached garage, shed, barn, etc.), furnishings, pools, and landscaping. If determined unsafe, stoves may be replaced. The replacement or repair of other appliances is prohibited. Rehabilitation work performed by property owners shall not be reimbursable under this program. The cost of removing any illegally converted living space (e.g., illegal bedrooms in the basement) is not eligible for assistance.

Loan Amount and Terms

The entire cost of repairs and improvements made through this Program will be paid directly by the Borough to the Contractor as work is completed and inspected. Loans will be interest-free, deferred-payment loans secured by a secondary mortgage or another instrument on the property being repaired. The principal will remain unchanged and will be forgivable at the end of the term.

Loan Subordination

The Borough will consider requests to subordinate the Program's recorded mortgage to subsequent financing or refinancing. In all cases, the property owner must supply information listed in the Program's "Subordination Request Check List," which includes information on the new financing terms, recent appraisal of the value of the

property and intended uses of the proceeds of any new financing. This and other required program documentation will be reviewed by the Borough solicitor, who will recommend to the Program Administrator whether to grant the subordination request.

Borrower's Agreement and Terms

The Borough will enter into a Borrower's Agreement with the Applicant that specifies the terms and conditions of the Program assistance to be made available, including reference to a Work Write-Up and Cost Estimate, which will be attached and made part of the Construction Agreement. The Borrower's Agreement will include a requirement that the Applicant sign a Mortgage and Note. The mortgage will be recorded with the County Clerk and will serve as the legal instrument for securing the Program Assistance.

Copies of the Borrower's Agreement and form of Mortgage and Note to be used in implementing the Program are attached and made part of this Manual.

Overview of Administrative Process

The following provides a brief overview of a typical home rehabilitation. Details on each of these steps can be found elsewhere in this Manual.

2. Administrative Agent (Piazza & Associates) reviews the application package and determines eligibility. Homeowner(s) review and sign the Borrower's Agreement.
3. Program Inspector visits the home; performs a comprehensive inspection and lead-based paint risk assessment (if necessary). Certification of Substandard Conditions is issued if one or more major systems need repair or replacement.
4. A work write-up is prepared by the Program and reviewed by the homeowner, along with the list of Program Contractors.
5. The job is placed out to bid.
6. Bids are received, evaluated by the Program Administrator and the Program Inspector.
7. Bids are reviewed with the Homeowner.
8. The homeowner awards the job to the chosen bidder.
9. Loan closing is conducted. The construction agreement and all affordability controls are executed.
10. Contractor is given authorization to proceed.
11. Contractor obtains permits (as necessary).
12. Construction phase begins.
13. Inspections are performed. Up to 2 progress payments are made.
14. Permits are closed out. Final Inspection is conducted. Certification of Standard is completed.
15. Contractor provides warranty information and signs Release of Liens.
16. Final Payment is made.

17. Case is closed out.

Marketing

The Borough will disseminate program information via newsletters, electronic communications, flyers included annually with tax bills, or other individual communication channels. Program information will be available at the municipal building, the library, and the senior center, as well as on the Borough website.

All marketing initiatives will – at a minimum – include the following information:

- Length of the affordability controls (lien);
- Circumstances that require the assistance to be repaid;
- A statement about household income eligibility requirements;
- The maximum assistance amount;
- Examples of eligible improvements; and
- The types of structures eligible for assistance.

Program Staffing

The Program will rely on Borough staff and one or more consultants to administer the Program. They are as follows:

1. *Municipal Housing Liaison.* Marisa Mesropian, the Borough Business Administrator, serves in this role. The MHL serves as the Program's liaison to the Special Adjudicator assigned to the Borough and the New Jersey Department of Community Affairs Office of Local Planning Services.
2. *Administrative Agent.* Leckington Advisors, LLC will provide income certification services for the Program. The Administrative Agent will perform income eligibility determinations.
3. *Program Administrator (to be determined)* will be responsible for the day-to-day operations of the Program. The Program Administrator will be the primary point of contact between the Program and the Borough and MHL. The Program Administrator will be responsible for providing a Program Inspector/Cost Estimator and a Lead Risk Assessor.
4. *Borough Building Code Official* will provide permit inspections as may be necessary during the rehabilitation.

Income Eligibility Determinations

To be eligible for Program assistance, each member of an applicant household who is 18 years of age or older, except full-time students under the age of 26 and those under the age of 26 participating in a registered apprenticeship program, must provide documentation to verify the member's income, including income received by adults on behalf of minor children for their benefit. The Program will follow the procedures in N.J.A.C. 5:80-26.17, except that households in owner-occupied units are exempt from the regional asset limit (N.J.A.C. 5:80-26.17(b)3).

What Counts as Income

The following is a list of wage types, payments, rebates, and credits. Those that must be considered as part of the household's income are listed in the Income column. Those that are not to be considered as part of the household's income are listed in Not Income. Restricted units constructed with Federal funds should consult the applicable regulations, such as HUD Section 42, to ensure compliance.

In order to fulfill the documentation requirements of the Program, all members of the applying household, eighteen (18) years of age or over, must provide copies of the following documents with the application:

- Four consecutive pay stubs, not more than 120 days old, including bonuses, overtime, or tips, or a letter from the employer stating the present annual income figure;
- A signed copy of regular IRS Form 1040, 1040A, or 1040EZ (as applicable) and state income tax returns filed for the last three (3) years prior to the date of interview or a notarized tax waiver letter for the respective tax year(s);
- Social Security, Disability, and SSI Benefit Statements or Pension Benefits statement if applicable;

- Social Security Cards for each household member;
- A letter or appropriate reporting form verifying any other sources of income claimed, such as alimony and child support. This includes a separation agreement or divorce papers signed by the presiding judge;

Examples include copies of all interest and dividend statements for savings accounts, checking accounts, and investments;
- Evidence or reports that verify assets such as real estate or businesses owned by any household member;
- If the applicant is a widow or widower, a copy of the spouse's Death Certificate should be included;

In addition to the above documents to establish income eligibility, the applicant's household must also provide documentation on the home:

- Documentation of the most current property tax assessment;
- Recorded deed to the property to be assisted;
- Current statement of property taxes;
- Current mortgage statement; and
- Copy of current homeowner's insurance declarations page (not the policy or receipt).

Work Write-up, Contractor Selection, Bidding & Awarding Bids

Property inspections will be performed by the Program Administrator retained by the Borough. In consultation with the Property Owner, the Program Administrator's Inspector will perform detailed inspections of the property, outlining deficiencies and the methods to correct them in a Work Write-Up with detailed specifications. Based on the Work Write-Ups, the Program Inspector will prepare Cost Estimates for use in evaluating contractor bids. The Program will engage a certified lead-based paint risk assessor to assess properties built before 1978 and identify hazardous lead-based paint conditions.

Eligible contractors

The Borough, on behalf of the property owners, will solicit bids from eligible rehabilitation contractors on the Program Contractor List. To be placed on the approved Program Contractor List, a contractor must:

- Complete a Program Contractor application;
- Provide three (3) professional references;
- Furnish evidence of a valid current insurance policy that protects the property owner for not less than \$100,000/\$300,000 in the event of bodily injury, including death, and \$100,000 in the event of property damage arising out of the work performed by the contractor;
- Carry or require that there be carried full and complete Workmen's Compensation Insurance for all employees and those of his sub-contractors engaged in the work. All insurance certificates must be provided to the Program before any awards are given; and
- Have a valid State of New Jersey Business Registration Certificate and Home Improvement Contractor's registration and any other relevant documentation requested by the Program.

Additionally, to be eligible to bid on work in houses constructed prior to 1978, the contractor must provide evidence of the required lead hazard training as required by HUD and the U.S. Environmental Protection Agency.

The Program will verify that all applying contractors are not on the State debarred contractor list. The contractor must also comply with other regulations established by the Borough of Allendale and the State of New Jersey.

Bid Openings and Contractor Selection

The Program will receive bids prior to a date and time specified for a bid opening. The bid opening will be open to the public. Completed bid packages may be submitted via Email, hand-delivered, or mailed to the Borough as instructed in the Bid Instructions issued to all contractors. Bid prices must include all permits, licenses, labor, materials, fixtures, and equipment necessary for the satisfactory completion of the rehabilitation of the property identified in the Work Write-up

The Program Administrator will review the proposals and provide the Property Owner with a list of contractors whose bids are eligible for the work. Eligible bids will be those that:

- Satisfy the specifications of the Work Write-Up;
- Have no math errors;
- Have been submitted by an eligible contractor;
- Are no more than 10% above or 20% below the Program Cost Estimator's final cost estimate for the work, unless an exception has been recommended by the Cost Estimator and approved by the Program Administrator; and
- Have been submitted by a contractor who, in the opinion of the Program Administrator, can perform the designated tasks within a responsible period of time as is specified in the Contract documents.

The Property Owner will then select a contractor from the list of eligible bids. Generally, the lowest-responsible bid will be accepted and nominated for award. If the Property Owner selects a contractor other than the contractor who submitted the lowest eligible bid, the Property Owner must, prior to the start of work, provide the difference between the lowest responsible bid and the selected bid. The amount provided by the Property Owner will be placed in escrow with the Borough. Any additional funding beyond the Program's maximum amount provided by the Property Owner must also be provided in advance and placed in escrow.

The Property Owner will be required to execute the contract documents with the selected Contractor (see Section V Loan Closings and Construction Agreements).

Contractor Performance

Timeliness and quality of work: Contractors are expected to complete all work within the timeframe specified in their contract with the Property Owner and to provide work that, at a minimum, meets the Program's Rehabilitation Standards. The time allowed for completion of work will be established by the Program Administrator before construction begins and will be based on the scope and complexity of the work.

Probationary period: Contractors with no prior experience with the Program will not be awarded more than one rehabilitation contract until one property is completed and satisfactory. At such time that a track record has been established that demonstrates quality work in a timely, professional, and workmanlike manner that complies with the Program's Rehabilitation Standards, the contractor's probationary period will be over, and a larger scope of work may be awarded. Contractors with a favorable performance record with the Borough may be awarded up to three projects from a single bid opening, based on their work schedule and the potential to complete the projects in a timely manner.

Contractor disqualification: It should be noted that contractors that receive poor references from program staff, Property Owners, businesses, or other government agencies, may be kept from participating in the program or placed or replaced on probationary status. Other factors that will be considered in determining eligibility and continued program participation are:

- Failure to make payments to sub-contractors;
- Debarment from any government program;
- Failure to complete punch lists or respond to reasonable Property Owner complaints as determined by the Program staff;
- The use of alcohol or drugs during the course of work by the contractor or any sub-contractor or anyone in the employ of a contractor or sub-contractor;
- Reports of theft, malicious damage, or burglary to any property while participating in the Residential Rehab Program;
- Indictment of any criminal offense;
- Failure to comply with the laws and ordinances of the municipality;
- Continued failure to obtain permits before the start of work;
- Abusive and vulgar language and behavior during the course of work; or
- Threats or harassment made to any person during the course of work.

If a contractor, sub-contractor, or employee of such violates any of the provisions of this section, the Program Administrator may disqualify the contractor or sub-contractor from future participation in the Program.

Replacement contractor: If a situation arises where a rehabilitation project has begun, and the contractor must be removed from, or refuses to complete a project, the work write-up will be revised to describe the balance of work needed on the home and will be put out to bid. Should the replacement contractor's cost to complete the rehabilitation be higher than that of the original contractor, the original contractor will be responsible for the difference.

Loan Closings and Construction Agreements

Loan Closings will be conducted at the Borough of Allendale offices and attended by the Program staff, the Homeowner and Contractor. Prior to the Loan Closing, the Homeowner will be provided with copies of the Construction Agreement, Mortgage and Mortgage Note for review.

Mortgage & Mortgage Note

The Program Administrator will start the Loan Closing by reviewing the rules outlined in the Mortgage and Mortgage Note with the Homeowner to help insure their understanding. The Homeowner will then be asked to sign the documents and the Notice of Right of Rescission. A signed copy of each of these documents will be left with the homeowner and the originals will be filed in the Homeowner's Program Case File.

Construction Agreement

All cases will have an executed Construction Agreement between the Contractor and Homeowner. The Program Administrator will ask both parties to review and execute the Construction Agreement at the Loan Closing after the Mortgage and Note have been signed. The Contractor will be requested to list Subcontractors to be engaged for the project. The Construction Agreement includes a variety of protections for both the Homeowner and Contractor, including, but not limited to:

- Dates by which the Contractor must begin and have completed the scope of work;
- Payment procedures;
- End of Work Day requirements and provisions; and
- The complete work specifications issued in the bid package and bid from the Contractor.

Both the Homeowner and the Contractor will receive a signed copy of the Construction Agreement. Once signed, the Inspector will encourage the Contractor to discuss the job's schedule. If the specifications allow for the homeowner's choice on any items in the scope (i.e., roof shingle colors), the Inspector will review those items with both to facilitate dialogue and decision-making.

On the 4th business day after the loan closing, the Program will issue to the Contractor a written Notice to Proceed.

Inspections

Inspections are conducted at various points in a home's rehabilitation. Six (6) types of inspections will be completed during any project:

- **Lead Risk Assessments** are completed for any rental unit built prior to 1978 to identify any hazardous lead-based paint.
- **Comprehensive Inspections** are completed to assess the rehabilitation needs of every rental unit. All major systems are evaluated during the comprehensive inspection. A checklist of all major components ensures that every aspect is evaluated during the comprehensive inspection.
- **Progress/Payment Inspections** are performed during the construction process to assess the contractor's level of completion and to ensure their strict adherence to the work write-up and specifications. A rental unit will receive one or more Progress/Payment Inspections. Payments for rehabilitation work will not be made without an inspection that physically verifies the satisfactory completion of all work.
- **Permit Inspections.** Permit inspections are completed by the Borough's construction code officials in order to ensure building code compliance with any work items that require a Borough construction permit.
- **Final Inspections** are done after any necessary permit inspections have been completed with a satisfactory result. Final Inspections are conducted to certify the completion of the construction phase and all contracted work items.
- **Lead Clearance Tests** are performed at the conclusion of construction on units that have identified lead-based paint hazards during the Lead Risk Assessment. The purpose of the Lead Clearance Test is to ensure that the Contractor properly cleaned all surfaces of lead dust.

Lead-Based Paint Hazards

All Program-assisted homes constructed prior to 1978 will be inspected by a Lead Risk Assessor to determine if any lead paint hazards exist in the home. In homes built prior to 1978, a lead risk assessment will be performed to identify deteriorated lead-painted surfaces that create dust or otherwise pose a lead hazard in the home. The cost to address identified lead hazards will be included in the work write-up and be considered an eligible use of Program funds.

At the appropriate time, the Program will provide the homeowner with copies of the following:

- Lead Hazard Information Pamphlet;
- Property Owner Disclosure (distributed to owners of a unit known to contain lead-based paint or lead-based paint hazards for disclosure to tenants or prospective purchasers);
- Notice of Lead Hazard Evaluation or Presumption; and

- Notice of Lead Hazard Reduction Activity, including Clearance.

Both Notices of Lead Hazard Evaluation and Lead Hazard Reduction will be provided to the occupants within 15 calendar days of the Program's receipt of the evaluation report or completion of the lead hazard reduction work. A lead hazard evaluation will consist of one or more of the following:

- Visual Assessment performed by a Program Inspector; and
- Paint Testing performed by a Certified Lead Risk Assessment.

The lead hazard reduction will always include safe work practices and clearance, and will also include paint stabilization or interim controls.

Prior to the rehabilitation and lead-based paint hazard work going out to bid, the Program will determine the type of contractor needed to complete the work required. The Program staff, homeowner, and contractor(s) awarded the job will review the key aspects of the lead hazard reduction during the pre-construction conference.

The awarded contractor(s) will always comply with Lead Safe Work Practices, which includes but is not limited to:

- Occupant protection;
- Work site preparation;
- Daily cleanup;
- Safe work practices; and
- Worker protection.

Occupants will be notified of any lead-hazard reduction measures that were taken. Following the program's final inspection, the Lead-based Paint Inspector will conduct a clearance examination, including dust sampling, to confirm that the unit is safe for occupancy and that lead hazard reduction was performed in accordance with the Program's work specifications.

Permits & Permit Inspections

As outlined in the General Conditions of the Bid Package, Contractors are responsible for obtaining, paying for, and scheduling inspections of all necessary permits for the job. No final payments will be processed until the Contractor has submitted copies of all closed permits to the Program.

Contractor Payment

Contractors will be paid only for completed work. No "upfront" payments will be made by the Program to a Contractor. A progress payment equal to 50% of the contract amount, after the Contractor completes work that represents at least 50% of the project cost, will be available to the Contractor. If satisfactory progress has been made at the time of the request, the Program will approve a progress payment.

Upon contract signing, the Borough will prepare a payment requisition to issue a Purchase Order for the project. Contractors must sign the Purchase Order and include it with each payment request.

Checks will be made payable directly to the Contractor. Final payment will be made after the following:

- All items in the project scope have been completed according to Program Rehabilitation Standards, as verified by Program staff;
- The Property Owner has signed a statement stating that he/she is satisfied with the work, or the Program Inspector and Administrator have determined that the owner's refusal to sign a completion form is not warranted;

- Lead hazard clearances, if any, have been received;
- Copies of all warranties have been received by the Property Owner and the Program.

Resolution of Disputes

Should any dispute arise regarding the true meaning of the Work Write-Up, or should any dispute arise regarding the true value of the extra work or of the work omitted, or of improper workmanship or materials, or of any loss sustained by the Homeowner, the Homeowner may request a hearing before the Borough. Such a request must be made in writing to the Program Administrator and shall state the nature of the dispute. All parties to the dispute shall be notified in writing of the date and location of the hearing. An arbitration committee of three members shall convene, and the final decision rests with the committee; there is no further recourse for the property owner.

Maintenance of Records

Files to be Maintained on Every Applicant

The program staff will maintain files on every applicant. All files will contain a preliminary application. If an applicant's preliminary application is approved, and the applicant files a formal application, the file will contain at a minimum:

Box 18550, Trenton, NJ 08650). The NJ HMFA Executive Director's written decision, which shall be made within 15 days of receipt of an appeal, shall serve as the final decision on the appeal.

Borough of Allendale Rental Rehabilitation Program

Policies and Procedures Manual

Introduction

This Policy and Procedures Manual has been prepared to guide the administration of the Allendale Rental Housing Rehabilitation Program (the Program). The Manual describes the Program's purpose, policies, and operational procedures, and provides guidance for implementation in accordance with applicable State regulations, including 5:80-26.1 et seq., Uniform Housing Affordability Controls (UHAC). Specifically, this Manual:

- Explains the objectives and structure of the Program;
- Describes the steps involved in the rental rehabilitation process;
- Sets forth eligibility requirements for participation;
- Defines applicable criteria, funding terms and conditions, and record-keeping requirements; and
- Establishes procedures for overall Program administration.

This Manual is intended to function as a working document and has been prepared in a flexible format to allow for periodic updates to individual sections, as necessary, in response to changes in regulations, administrative practices, or Program requirements.

The Program is funded by the Borough's Affordable Housing Trust Fund.

Program Purpose and Goals

The Borough of Allendale Rental Housing Rehabilitation Program has been established to rehabilitate substandard rental dwelling units occupied by income-eligible households, or currently vacant units intended for occupancy by such households, within the Borough of Allendale.

As part of the Borough's Housing Element and Fair Share Plan, the Program is intended to:

- Facilitate the repair or replacement of major building systems necessary to bring units into compliance with applicable codes and standards;
- Improve health, safety, and living conditions;
- Preserve and extend the useful life of the local rental housing stock;
- Reduce energy consumption in older rental units and lower utility costs; and
- Reduce the risk of childhood lead poisoning associated with deteriorated lead-based paint.

Implementation of any procedure, even if it is not included in this Policies and Procedures Manual, shall be in accordance with the Federal Fair Housing Act and Equal Opportunity laws, the Uniform Housing Affordability Controls (UHAC) N.J.A.C. 5:80-26.1 et seq., the substantive rules of the Council on Affordable Housing, N.J.A.C. 5:93 and 5:97 and the Borough of Allendale's affordable housing ordinance of the (hereafter referred to as the "Regulations"). Copies of these regulations are available online at:

<https://www.nj.gov/dca/dlps/hss/thirdroundregs.shtml> and <https://www.nj.gov/dca/hmfa/about/uhac/>.

Additional information on the Borough's Affordable Housing obligation and its Fair Share Plan can be found here:

The Program is designed to achieve these objectives through the following means:

- Providing forgivable loans of up to \$20,000 per unit to eligible property owners for qualified rehabilitation work;

- Assisting property owners in identifying necessary rehabilitation improvements through inspections and cost estimates prepared by the Program Inspector/Cost Estimator (see Section III: Overview of the Administrative Process); and
- Assisting property owners in the selection of qualified contractors at reasonable and competitive prices through the use of Program-approved contractors and a structured bidding and award process (see Section III: Work Write-Up, Contractor Selection, Bidding, and Award of Contracts).

Program Assistance

Residential rental units are eligible for assistance of up to **\$20,000/unit** to repair or replace any failing or deteriorated major system and otherwise remove all health and safety violations. At the Borough's discretion, the maximum assistance of \$20,000 may be exceeded on a case-by-case basis.

As a condition of Program assistance, a ten-year affordability control will be recorded against the title of the property, requiring that contract rents remain affordable and that tenancy be limited to income-eligible households. Specifically, property owners must agree to:

- Restrict the units for occupancy by households that have been certified as income eligible by the Administrative Agent.
- Limit contract rents to an affordable price initially set by the Administrative Agent according to 5:80-26.13.
- Limit annual increases based on the standards in N.J.A.C. 5:80-26.1 et seq.
- Advertisements for prospective tenants must adhere to the Borough's Affirmative Marketing Plan.
- Repayment of Program assistance will take the form of a forgivable loan. There are no monthly payments.

Fair Housing & Equal Housing Opportunities

In accordance with the Federal Fair Housing Act, it is unlawful to discriminate against any person in the sale, rental, or financing of housing, or in the provision of services or facilities in connection therewith, because of race, color, religion, sex, national origin, disability, or familial status. In addition, New Jersey Law prohibits discrimination in housing on the basis of race, creed, color, national origin, ancestry, nationality, marital or domestic partnership or civil union status, familial status, sex, gender identity or expression, affectional or sexual orientation, disability, source of lawful income or source of lawful rent payment (including Section 8) by all persons including real estate agents or brokers, financial institutions, Property Owners, landlords, or building superintendents, and their agents and employees with respect to the sale, rental or lease of real property, listing or advertising of real property, receipt or transmittal of offers to purchase or rent real property, application and terms of a mortgage or other loan.

Regulatory Objectives and Compliance

In order to be considered an eligible use of Program funds, the Program must comply with the Regulations, including:

- Each assisted unit must meet or exceed the New Jersey State Housing Code, N.J.A.C. 5:28. Projects that require the issuance of a construction permit pursuant to the Uniform Construction Code must also comply with the requirements of the Rehabilitation Subcode, N.J.A.C. 5:23-6. In these instances, the more restrictive requirements of the New Jersey State Housing Code or the Rehabilitation Subcode shall apply.
- Each unit must require complete replacement or substantial repair of at least one major system.

General Program Information

Eligible Properties and Program Assistance

One- to four-family rental properties are eligible for assistance of up to \$20,000 per unit to repair or replace any failing or deteriorated major system. At the Borough’s discretion, the maximum assistance of \$20,000 may be exceeded on a case-by-case basis.

To be eligible for assistance, there must be a reasonable expectation of bringing each assisted unit into compliance with the New Jersey State Housing Code, N.J.A.C. 5:28. For construction projects that require the issuance of a construction permit pursuant to the Uniform Construction Code, the unit must also comply with the requirements of the Rehabilitation Subcode, N.J.A.C. 5:23-6. In these instances, the more restrictive requirements of the New Jersey State Housing Code or the Rehabilitation Subcode shall apply. For projects that require construction permits, the rehabilitated unit shall be considered complete at the date of final approval pursuant to the Uniform Construction Code.

For a unit to be eligible for Program assistance, the current tenant must be income-eligible. If the Program determines that a tenant household is not income-eligible, the unit cannot be assisted by the Program. It is not required that *all* units on a given rental property be eligible for assistance. The Program may provide assistance for units occupied by income-eligible tenants and/or vacant units. An owner-occupied unit may also receive assistance from the Program if the owner’s household is income-eligible. The owner will be required to provide a prorated share of the rehabilitation costs for any improvements that benefit units deemed ineligible for direct assistance (e.g., roof, sewer line).

Income Eligible Tenants

Income eligibility will be conducted in accordance with N.J.A.C. 5:80-26.14. Detailed information on determining eligibility is provided in the section of this manual entitled Income Eligibility Determinations.

While vacant units are eligible to apply, tenant households must all be evaluated at the time of application for their unit to be eligible for Program assistance. All future tenants of assisted units will be required to be certified as income-eligible by the Borough's Administrative Agent.

Restrictions on Rents

Rental units assisted by the Program will be restricted to occupancy by tenants certified to be income-eligible for an affordability period of ten (10) years. In addition, rent will be set at a rate affordable to households earning 60% of the regional median income limit, by household size, and in accordance with N.J.A.C. 5:80-26.13. In situations where assisted units are occupied at the time of rehabilitation, future rent charged to those tenants will be set at the lowest of the current rent or the maximum allowable rent pursuant to N.J.A.C. 5:97-9 and N.J.A.C. 5:80-26.13. Rent increases during the affordability period will be limited to the permitted increase under N.J.A.C. 5:97-9. Such increases will be published by NJ HMFA and posted at <https://www.nj.gov/dca/hmfa/about/uhac/>.

The initial maximum affordable rent for a rehabilitated unit will be set by the Program Administrator in accordance with applicable State regulations. The initial rents for vacant units will be set at 60% of the median income for a household of the appropriate size based on the bedroom count, in accordance with N.J.A.C. 5:80-26.3(d). Thirty percent (30%) of that figure (N.J.A.C. 5:80-26.13(a)) is considered the "maximum base rent." Subtracted from the maximum base rent is the cost of all tenant-paid utilities as defined and calculated by the HUD Utilities Allowance figures (updated annually). The remainder becomes the maximum initial rent for that unit. Prior to applying for assistance, the Program can provide Property Owners with a reasonable estimate of the affordable base rent.

Income Limits

The Income Limits used to determine income eligibility of tenant households are published annually by NJ HMFA and posted at <https://www.nj.gov/dca/hmfa/about/uhac/>. Income limits are established for multiple geographic regions and household sizes. Allendale Borough is part of "Region 1" – Bergen, Hudson, Passaic, and Sussex Counties. The income level that establishes eligibility for the Program is less than eighty percent (80%) of the Area Median Income by household size. This limit is also referred to as "moderate income".

Other Eligibility Requirements

- The property is *located within municipal boundaries* and has a deed recorded in Bergen County in the name(s) of the Applicant(s).
- The property consists of *one to four family residential units*, one of which may be occupied by the Property Owner. All rental units must comply with the local use regulations.
- *Property taxes and mortgage payments* for the subject property must be current.
- *Water and sewer utility bills* must be current.
- *Property Insurance and Flood Insurance (if applicable)* must be current.
- The owner's *equity* in the property must be greater than the maximum amount of assistance that could be made available by the Borough for home improvements. For the sake of this rule, the market value of the property will be calculated using the Borough's assessed value divided by the equalization ratio.
- In the event the initial inspection reveals an extraordinary degree of property deficiencies that are of a serious nature, an evaluation will be made as to the feasibility of investing Program funds into the property. If this evaluation indicates that the amount of rehabilitation required for the property will be

75% of the property's value after rehabilitation, the Administrator will have discretion to disqualify the applicant.

- The applicant has not previously defaulted on a loan or loans to the Borough of Allendale.

Ownership and Occupancy

Proof of ownership of the property and its use as a principal place of residence (if an owner-occupied property) must be established by the following:

1. Copy of Deed;
2. Copy of Declaration page from Property Insurance;
3. Copy of current Mortgage Statement, if applicable; and
4. Copy of Flood Insurance, if within 100 years flood plain.

Certification of Substandard

To be eligible for the Program, *at least* one major system in each assisted unit must require replacement or repair. A major system in need of repair or replacement is considered *substandard*. The Program Inspector will prepare the substandard certification for each unit to be assisted during the comprehensive inspection.

For the purposes of the Program, the following components of a dwelling are considered “major systems.”

- Roof;
- Plumbing (including wells and connections to public water systems);
- Heating;
- Electrical;
- Sanitary plumbing (including septic systems and connections to public sewer systems);
- Load-bearing structural systems;
- Removal or “control” of lead-based paint hazards; or
- Weatherization (building insulation for attic, exterior walls, and crawl space, siding to improve energy efficiency, replacement storm windows and storm doors, and replacement windows and doors).

Certification Existing Conditions

The Program Inspector will visit each unit to document existing conditions through a work write-up.

Eligible Improvements

Program funds are available to address quality-of-life housing issues, correct existing and emerging code violations, reduce the risk of lead-based paint poisoning, and correct weatherization deficiencies, as identified in the project’s Work Write-Up with detailed specifications.

Housing rehabilitation funds may be used only for repairs or system replacements necessary to bring a substandard unit into compliance with municipal health, safety, and building codes, to correct applicable code violations, and for any other work that is reasonable and deemed necessary or related to the necessary repairs.

In addition to and after the repair or replacement of all major systems, work may include, but not be limited to, the following:

- Interior trim work;
- Interior and/or exterior doors;
- Interior and/or exterior hardware;
- Interior stair repair;

- Exterior step repair or replacement;
- Porch repair;
- Wall surface repair;
- Painting; and
- Exterior rain carrying system repair.

Ineligible Improvements

Work not eligible for program funding includes, but is not limited to, luxury improvements (improvements which are strictly cosmetic), additions, conversions (basement, garage, porch, attic, etc.), repairs to structures separate from the living units (detached garage, shed, barn, etc.), furnishings, pools, and landscaping. If determined unsafe, stoves may be replaced. The replacement or repair of other appliances is prohibited. Rehabilitation work performed by Property Owners is not reimbursable under this program. The cost of removing any illegally converted living space (e.g., illegal bedrooms in the basement) is not eligible for assistance.

Only required repairs to units occupied by income-eligible households will be funded through the Program. If the Property Owner desires work not fundable through the program, including work on an owner-occupied unit of a multi-unit rental property, work on a non-eligible rental unit in a multi-unit building or improvements not covered by the program, such work may be added to the work write-up if the Property Owner provides funds to be deposited with the Borough prior to the commencement of the rehabilitation of the property equivalent to the estimated cost of the elective work.

Loan Amount and Terms

The entire cost of repairs and improvements made through this program, up to the Program maximum (see below), will be paid directly by the Program to the contractor. That amount will then become a forgivable loan to the Property Owner. Loans will be interest-free and secured by a secondary mortgage or other instrument on the property being repaired. The principal will remain unchanged, and repayment will be forgiven at the end of the affordability period.

In some cases, the maximum assistance of \$20,000 per unit may be exceeded if, in the Borough's opinion, the need for rehabilitation justifies the extension. If the cost of repairs exceeds the Program's available funds, the applicant will be responsible for the additional costs.

If the total estimated cost exceeds the available funding, the Property Owner will be advised of the amount required to cover the cost difference. Should the Property Owner not have the means or funds to complete all repairs, the Program Administrator, in conjunction with the Property Owner, will prioritize the list of repairs, placing life, safety, and code issues ahead of aesthetic improvements, to be funded through a lending institution or private source.

Loan Subordination

The Borough will consider requests to subordinate the program mortgage to subsequent financing or refinancing. In all cases, the Property Owner must supply information listed in the Program's "Subordination Request Check List," which includes information on the new financing terms, recent appraisal of the value of the property, and intended uses of the proceeds of any new financing. This and other required program documentation will be reviewed by the Borough solicitor, who will recommend to the Program Administrator whether to grant the subordination request.

Borrowers Agreement and Terms

The Borough will enter into an Agreement with the Borrower that specifies the terms and conditions of the funds to be made available through the Program, including reference to a Work Write-Up and Cost Estimate. Included in the Borrower's Agreement will be the requirement that the Borrower sign a Mortgage, Note, and Restrictive

Covenant. The Mortgage and Restrictive Covenant will be recorded with the County Clerk and will serve as the appropriate security device for Program funds.

Copies of the Borrower's Agreement and form of Mortgage, Note and Restrictive Covenant to be used in implementing the Program are attached and made part of this Manual.

Overview of Administrative Process

The following is intended to provide a brief overview of a typical rental rehabilitation. Details on each of these steps can be found elsewhere in this Manual.

1. Application package is received. If incomplete, notice is sent to the applicant. There is no application fee associated with the program
2. The Borough's Administrative Agent reviews the application package and determines the income eligibility of tenants, if any. If eligible, Property Owner(s) review and sign a Borrowers Agreement. The application and Certification of tenant eligibility are forwarded to the Program Administrator (TBD), who is responsible for the Program's day-to-day operations.
3. The Program Inspector (provided by the Program Administrator) visits the home, performing a comprehensive inspection and lead-based paint risk assessment (if necessary). The Program Inspector will prepare a Certification of Substandard Conditions if a major system is found to require repair or replacement.
4. Work write-up is prepared by the Program Inspector and reviewed by the Property Owner, along with a list of Program Contractors.
5. The job is placed out to bid.
6. Bids are received and evaluated by the Program Administrator.
7. Program recommends the lowest responsible bidder to the Property Owner for award. Property Owner awards bid.
8. Loan closing is conducted. The construction agreement and all affordability controls are executed.
9. After the 3-day Right of Rescission, the Contractor is given authorization to proceed.
10. Contractor obtains permits (as necessary).
11. Construction phase begins.
12. Inspections are performed. Up to two progress payments are made.
13. Any permits are closed out by the Borough Building Code Official(s). Final Inspection is conducted. Certification of Standard is issued.
14. Contractor provides warranty information and signs the Release of Liens.
15. Final Payment is made.
16. Case is closed out.

Marketing

As needed, the Program will implement marketing initiatives to identify potential applicants. While most marketing efforts will aim to reach all property owners in the Borough, the Program will also target special populations, including, but not limited to, civic organizations, senior groups, and religious institutions.

All marketing initiatives will – at a minimum – include the following information:

- Length of the affordability controls (lien);
- Circumstances that require assistance to be repaid;
- A statement that eligibility is limited to vacant units or those rented by existing low and moderate-income households.
- A statement that rents on assisted units will be restricted for ten (10) years;
- The maximum assistance amount; and
- Examples of eligible improvements.

Program Staffing

The Program will rely on Borough staff and one or more consultants to administer the Program. They are as follows:

1. *Municipal Housing Liaison.* Alison Altano, the MHL serves as the Program's liaison to the Special Adjudicator assigned to the Borough and the New Jersey Department of Community Affairs Office of Local Planning Services.
2. *Administrative Agent.* Leckington Advisors, LLC will provide income certification services for the Program. The Administrative Agent will perform income eligibility determinations.
3. *Program Administrator (to be determined)* will be responsible for the day-to-day operations of the Program. The Program Administrator will be the primary point of contact between the Program and the Borough and MHL. The Program Administrator will be responsible for providing a Program Inspector/Cost Estimator and a Lead Risk Assessor.
4. *Borough Building Code Official* will provide permit inspections as may be necessary during the rehabilitation.

Income Eligibility Determinations

To be eligible for assistance, each member of an applicant household who is 18 years of age or older, except full-time students under the age of 26 and those under the age of 26 participating in a registered apprenticeship program, must provide documentation to verify the member's income, including income received by adults on behalf of minor children for their benefit. The income eligibility process will comply with the procedures in N.J.A.C. 5:80-26.14.

What Counts as Income

The following is a list of wage types, payments, rebates, and credits. Those that must be considered as part of the household's income are listed in the Income column. Those that are not to be considered as part of the household's income are listed in Not Income. Restricted units constructed with Federal funds should consult the applicable regulations, such as HUD Section 42, to ensure compliance.

Work Write-up, Contractor Selection, Bidding & Awarding Bids

Property inspections will be carried out by the Program Inspector. In consultation with the Property Owner, the Program Inspector will perform detailed inspections of the property, outlining deficiencies and the methods to correct them in a Work Write-Up with detailed specifications. Based on the Work Write-Ups, the Program Inspector will prepare Cost Estimates for use in evaluating contractor bids. The Program will engage a certified lead-based paint risk assessor to assess properties built before 1978 for hazardous lead-based paint conditions.

If the Program Inspector identifies potentially illegal improvements, such as illegal basement apartments or bedrooms, the matter must be brought to the Program Administrator's attention. The Program Administrator will then advise Borough enforcement personnel, such as zoning and housing inspectors. If illegal conversions are found, the case will be immediately placed on hold until the Property Owner has fully complied with all applicable zoning and building code requirements arising from the illegal conversions.

Eligible contractors

The Program Administrator, on behalf of the Property Owners, will solicit bids from eligible rehabilitation contractors on the Program Contractor list. To be placed on the Approved Contractor list, a contractor must:

- Complete a Contractor Application;
- Provide three (3) professional references;
- Furnish evidence of a valid current insurance policy for not less than \$100,000/\$300,000 in the event of bodily injury, including death, and \$100,000 in the event of property damage arising out of the work performed by the contractor;
- Carry or require that there be carried full and complete Workmen's Compensation Insurance for all employees and those subcontractors engaged in the work. All insurance certificates must be provided to the Residential Rehab Program before any awards are given;
- Provide a State of New Jersey Business Registration Certificate and Home Improvement Contractor's registration and any other relevant documentation requested by the Program staff;
- Have an EPA Renovation Repair and Paint (RRP) Certification for any properties identified as having lead-based paint hazards;

Any contractor is on the State debarred contractors list will be ineligible to participate in the Program. The contractor must also comply with other appropriate regulations established by the Borough of Allendale and State of New Jersey.

Bid Openings and Contractor Selection

The Program will receive bids prior to a date and time specified for a bid opening. The bid opening will be open to the public. Completed bid packages may be submitted via Email, hand-delivered, or mailed to the Borough as instructed in the Bid Instructions issued to all contractors. Bid prices must include all permits, licenses, labor, materials, fixtures, and equipment necessary for the satisfactory completion of the rehabilitation of the property identified in the Work Write-up

The Program Administrator will review the proposals and provide the Property Owner with a list of contractors whose bids are eligible for the work. Eligible bids will be those that:

- Satisfy the specifications of the Work Write-Up;
- Have no math errors;
- Have been submitted by an eligible contractor;
- Are no more than 10% above or 20% below the Program Cost Estimator's final cost estimate for the work, unless an exception has been recommended by the Cost Estimator and approved by the Program Administrator; and
- Have been submitted by a contractor who, in the opinion of the Program Administrator, can perform the designated tasks within a responsible period of time as is specified in the Contract documents.

The Property Owner will then select a contractor from the list of eligible bids. Generally, the lowest-responsible bid will be accepted and nominated for award. If the Property Owner selects a contractor other than the contractor who submitted the lowest eligible bid, the Property Owner must, prior to the start of work, provide the difference between the lowest responsible bid and the selected bid. The amount provided by the Property Owner will be placed in escrow with the Borough. Any additional funding beyond the Program's maximum amount provided by the Property Owner must also be provided in advance and placed in escrow.

The Property Owner will be required to execute the contract documents with the selected Contractor (see Section V Loan Closings and Construction Agreements).

Contractor Performance

Timeliness and quality of work: Contractors are expected to complete all work within the timeframe specified in their contract with the Property Owner and to provide work that, at a minimum, meets the Program's Rehabilitation Standards. The time allowed for completion of work will be established by the Program Administrator before construction begins and will be based on the scope and complexity of the work.

Probationary period: Contractors with no prior experience with the Program will not be awarded more than one rehabilitation contract until one property is completed and satisfactory. At such time that a track record has been established that demonstrates quality work in a timely, professional, and workmanlike manner that complies with the Program's Rehabilitation Standards, the contractor's probationary period will be over, and a larger scope of work may be awarded. Contractors with a favorable performance record with the Borough may be awarded up to three projects from a single bid opening, based on their work schedule and the potential to complete the projects in a timely manner.

Contractor disqualification: It should be noted that contractors that receive poor references from program staff, Property Owners, businesses, or other government agencies, may be kept from participating in the program or

placed or replaced on probationary status. Other factors that will be considered in determining eligibility and continued program participation are:

- Failure to make payments to sub-contractors;
- Debarment from any government program;
- Failure to complete punch lists or respond to reasonable Property Owner complaints as determined by the Program staff;
- The use of alcohol or drugs during the course of work by the contractor or any sub-contractor or anyone in the employ of a contractor or sub-contractor;
- Reports of theft, malicious damage, or burglary to any property while participating in the Residential Rehab Program;
- Indictment of any criminal offense;
- Failure to comply with the laws and ordinances of the municipality;
- Continued failure to obtain permits before the start of work;
- Abusive and vulgar language and behavior during the course of work; or
- Threats or harassment made to any person during the course of work.

If a contractor, sub-contractor, or employee of such violates any of the provisions of this section, the Program Administrator may disqualify the contractor or sub-contractor from future participation in the Program.

Replacement contractor: If a situation arises where a rehabilitation project has begun, and the contractor must be removed from, or refuses to complete a project, the work write-up will be revised to describe the balance of work needed on the home and will be put out to bid. Should the replacement contractor's cost to complete the rehabilitation be higher than that of the original contractor, the original contractor will be responsible for the difference.

Loan Closings and Construction Agreements

Loan Closings will be conducted in person at the subject property and attended by the Program Administrator, the Property Owner, and the Contractor. At the Loan Closing, the Property Owner will be provided with copies of the Construction Agreement, Mortgage, Note, and Restrictive Covenant for review.

Mortgage, Mortgage Note & Restrictive Covenant

The Program Administrator will start the Loan Closing by reviewing the rules outlined in the Mortgage, Mortgage Note, and Restrictive Covenant with the Property Owner to help ensure their understanding. The Property Owner will then be asked to sign the documents and the Notice of Right of Rescission. A signed copy of each of these documents will be left with the Property Owner, and the originals will be filed in the project case file.

Construction Agreement

All cases will have an executed Construction Agreement between the Contractor and Property Owner. The Program Administrator will ask both parties to review and execute the Construction Agreement at the Loan Closing after the Mortgage, Note, and Restrictive Covenant have been signed. The Contractor will be requested to list Subcontractors to be engaged for the project. The Construction Agreement includes a variety of protections for both the Property Owner and Contractor, including, but not limited to:

- Dates by which the Contractor must begin and have completed the scope of work;

- Payment procedures;
- End of workday requirements and provisions; and
- The complete work specifications issued in the bid package and bid from the Contractor.

Both the Property Owner and Contractor will receive a signed copy of the Construction Agreement. Once signed, the Program Inspector will encourage the Contractor to discuss the job schedule. If the specifications allow the Property Owner's choice for any items within the scope (e.g., roof shingle colors), the Inspector will review those items with both parties to facilitate dialogue and decision-making.

On the 4th business day after the loan closing, the Program will issue to the Contractor a written Notice to Proceed.

Inspections

Unless otherwise noted, all inspections are completed by Borough staff or contracted professionals, such as a Lead Risk Assessor. Inspections are conducted at various points in a rental unit's rehabilitation. Six (6) types of inspections may be completed during any project:

- **Lead Risk Assessments** are completed for any rental unit built prior to 1978 to identify any hazardous lead-based paint.
- **Comprehensive Inspections** are completed to assess the rehabilitation needs of every rental unit. All major systems are evaluated during the comprehensive inspection. A checklist of all major components ensures that every aspect is evaluated during the comprehensive inspection.
- **Progress/Payment Inspections** are performed during the construction process to assess the contractor's level of completion and to ensure their strict adherence to the work write-up and specifications. A rental unit will receive one or more Progress/Payment Inspections. Payments for rehabilitation work will not be made without an inspection that physically verifies the satisfactory completion of all work.
- **Permit Inspections.** Permit inspections are completed by the Borough's construction code officials in order to ensure building code compliance with any work items that require a Borough construction permit.
- **Final Inspections** are done after any necessary permit inspections have been completed with a satisfactory result. Final Inspections are conducted to certify the completion of the construction phase and all contracted work items.
- **Lead Clearance Tests** are performed at the conclusion of construction on units that have identified lead-based paint hazards during the Lead Risk Assessment. The purpose of the Lead Clearance Test is to ensure that the Contractor properly cleaned all surfaces of lead dust.

Permits & Permit Inspections

As outlined in the General Conditions of the Bid Package, Contractors are responsible for obtaining, paying for, and scheduling inspections of all necessary permits for the job. No final payments will be processed until the Contractor has submitted copies of all closed permits to the Program.

Contractor Payment

Contractors will be paid only for completed work. No "upfront" payments will be made by the Program to a Contractor. A progress payment equal to 50% of the contract amount, after the Contractor completes work that represents at least 50% of the project cost, will be available to the Contractor. If satisfactory progress has been made at the time of the request, the Program will approve a progress payment.

Upon signing the contract, the Borough will prepare a payment requisition to issue a Purchase Order for the project. Contractors must sign the Purchase Order and include it with each payment request.

Checks will be made payable directly to the Contractor. Final payment will be made after the following:

- All items in the project scope have been completed according to Program Rehabilitation Standards, as verified by Program staff;
- The Property Owner has signed a statement stating that he/she is satisfied with the work, or the Program Inspector and Administrator have determined that the owner’s refusal to sign a completion form is not warranted;
- Lead hazard clearances, if any, have been received;
- Copies of all warranties have been received by the Property Owner and the Program.

Lead-Based Paint Provisions

All Program-assisted rental units constructed prior to 1978 will be tested for lead-based paint hazards by a Lead Risk Assessor. Rehabilitation exemptions from lead-based paint regulations are as follows:

- Residential structures built after January 1, 1978;
- Properties found not to have lead-based paint during earlier testing that meets the requirements of prior evaluations; or
- Properties where all lead-based paint has been identified and removed using approved methods.

At the appropriate time, the Program will provide the Property Owner and any tenants with copies of the following:

- Lead Hazard Information Pamphlet;
- Property Owner Disclosure (distributed to owners of a unit known to contain lead-based paint or lead-based paint hazards for disclosure to tenants or prospective purchasers);
- Notice of Lead Hazard Evaluation or Presumption; and
- Notice of Lead Hazard Reduction Activity, including Lead Clearance Test results.

Both Notices of Lead Hazard Evaluation and Lead Hazard Reduction will be provided to the occupants within 15 calendar days of the Program's receipt of the evaluation report or completion of the lead hazard reduction work.

The Borough has developed its own policy to reduce the likelihood of lead-based paint poisoning. Specifically, the Program has elected to remove and/or control hazardous lead-paint.

Program Policy Concerning Lead-Based Paint	
Amount of Program Assistance	Any amount of assistance
Approach to Lead Hazard Evaluation and Reduction	Identify and control lead hazards
Notification	Yes
Lead Hazard Evaluation	Paint Testing of surfaces to be disturbed by rehabilitation, and a Risk Assessment of the entire unit
Lead Hazard Reduction	Interim Controls, Safe work practices, and Clearance of unit

A lead hazard evaluation will consist of one or more of the following:

- Visual Assessment performed by a Program Inspector; or
- Paint Testing performed by a Certified Inspector/Risk Assessment (or Lead Hazard Screen) performed by a Certified Risk Assessor.

The lead hazard reduction will always include safe work practices and clearance, and will also include one or more of the following:

- Paint Stabilization; or
- Interim Controls (or Standard Treatment).

Any properties not inclusive of the exemptions and applying for program assistance will be inspected by the appropriate professional to identify and evaluate lead hazards. If hazards are identified, the Program will then determine the following:

- Required level of lead hazard reduction;
- What methods will be used to reduce or eliminate the hazards; and
- Whether or not relocation of occupants is necessary.

The occupants will be notified of the Program's determination. The decision to relocate occupants during construction is based on the extent of rehabilitation and lead hazard reduction work, as outlined in New Jersey Administrative Code Title 5, Chapter 17.

Prior to the rehabilitation and lead-based paint hazard work going out to bid, the Program will determine the type of certified lead-based paint contractor required to complete the work. The Program Administrator, Property Owner, and contractor(s) awarded the job will review the key aspects of the lead hazard reduction during the pre-construction conference.

The awarded contractor(s) will always perform lead safe work practices which includes but is not limited to:

- Occupant protection;
- Work site preparation;
- Daily cleanup;
- Safe work practices; and
- Worker protection.

Occupants will be notified of any lead-hazard reduction measures that were taken. After the Program's final inspection, a lead clearance test will be conducted, including dust sampling, to confirm that the unit is safe for occupancy and that lead hazard reduction was performed in accordance with the Program's work specifications.

Resolution of Disputes

Should any dispute arise respecting the true meaning of the Work Write-Up, or should any dispute arise respecting the true value of the extra work or of the work omitted, or of improper workmanship or materials, or of any loss sustained by the Property Owner, the Property Owner may request a hearing before the Borough. Such a request must be made in writing to the Program Administrator and shall state the nature of the dispute. All parties to the dispute shall be notified in writing of the date and location of the hearing. An arbitration committee, consisting of three members, shall convene, and the final decision rests with the arbitration committee, with no further recourse on the part of the Property Owner.

II. RANDOM SELECTION

<p>Describe the random selection process that will be used once applications are received.</p> <p>Prior to the first Random Selection for a given project, the following marketing efforts must be completed:</p> <ul style="list-style-type: none"> • Units listed on the NJHRC website and affirmative marketing efforts must be underway; • A web-based pre-application portal is live and paper copies of the application have been made available according to the AMP. • All affirmative marketing identified in this Plan have been implemented. <p>The purpose of random selection is to ensure “that no preference is given to one applicant over another except for purposes of matching household income and size with an appropriately priced and sized affordable unit.”</p>
--

The steps involved in conducting the randomization are as follows:

1. Download the complete database of all pre-applications in the applicant pool into Excel.
2. Identify and remove any duplicate records. When a duplicate record is found, the oldest record or records will be deleted, leaving the most recent record.
3. Using a Random Sequence Generator at Random.org, generate a set of random numbers beginning with 1 and ending with the total number of pre-applications. Select Get Sequence.
4. Print or save as PDF the resulting page as evidence of the random selection.
