NO LANDSCAPERS OR CONTRACTORS are allowed.

CUT-IT-AND-LEAVE-IT
Recycling your own grass is easy and saves you, and the town, money. Use a mulching lawnmower or replace the blade with a mulching blade. When you cut your grass, allow it to remain on the ground to be reabsorbed and provide vital nutrients to your grass. You save time by not having to bag the grass and transport it to the Compost Site. You won’t have to use as much fertilizer and the cut grass helps reduce water evaporation so you use less water.

SCRAP METAL COLLECTION

Items acceptable for curbside metal collection are:
• Bicycles
• Refrigerators* remove the doors

MESSAGE FROM THE WATER DEPT

The Borough of Allendale’s elevated water storage tank rehabilitation project has been completed. We thank our residents for their patience and cooperation during this major renovation project. Due to the ongoing extreme drought conditions, Phase 2 water restrictions will remain in effect until further notice. Check the website for any updates at www.allendalenj.gov

Please continue to use water prudently and conserve water whenever possible. Thank you.

ALLENDALE POLICE REMINDER

Residents are reminded that parking is prohibited on all streets and municipal lots from 3AM to 5AM, and any time there is sufficient snow fall for the Borough’s plows to be operating.

The Police Department suggests residents with luxury and high performance vehicles check their owner’s manuals and determine if the original equipment tires on their vehicles are suitable for winter driving, regardless of options such as four wheel or all-wheel drive.

High performance vehicle tires are many times summer rated only and below 40 degrees lose a noticeable percentage of traction as their tread compound rubber properties change from a pliable elastic to inflexible plastic. If driving in wintery conditions, vehicles should be equipped only with all season tires or winter tires. In severe storms, the safest practice is to refrain from driving. For residents that must go out in severe storms, their vehicles should have winter tires, designated by the tire industry with a “mountain snowflake” legend on the sidewall. For information about winter tires, internet search the term “mountain snowflake”.

In the event of a motor vehicle crash on snow covered roads, the State of New Jersey crash report form does not recognize winter conditions as an attributable fault for a crash. Officers handling the crash investigations during snow storms, and New Jersey insurance companies, will attribute crash fault back to the driver for either improperly equipped vehicle for storm conditions, such as one with summer tires, or unsafe speed for road conditions.

For additional information call Traffic Sgt. Todd A. Griffith at Police Headquarters at (201) 825-1900

--RECYCLING TIPS--

• When recycling bottles, leave the caps on the bottles
• Leave plastic spouts on cardboard juice containers
• Recycle your clean and dry bags and film packaging materials at Acme, Allendale, Shop Rite, Ramsey, Whole Foods, Ridgewood (Please remove receipts from bags)

CERT NEWS

Thankfully, 2016 spared our area widespread weather events and power outages. CERT remained busy supporting local events and presentations while training at the State and County level. Various Bergen County CERT Teams, including Allendale’s, have been training closely with County Department of Health officials, focusing on sheltering, shelter management and point of distribution procedures in case of emergencies or disasters. Allendale CERT members, working with the American Red Cross, evaluated local facilities for use as shelters, leading to Red Cross designated status for some facilities should the need arise.

Fall 2016 CERT Basic class 16-3 graduated four Allendale residents this cycle. This FREE, no obligation course is a FEMA created curriculum that includes Disaster Preparedness, Fire Suppression, Medical Operations, Light Search & Rescue, Incident Command System, Terrorism Awareness and Disaster Psychology. Ongoing training builds upon these basics. Allendale’s CERT routinely trains with other municipal CERTs, as well as County and State OEM agencies.
