### **A Message from Mayor Amy Wilczynski. . .**

I hope everyone is having a great summer. It's going by so fast.

What a spectacular 4th of July! Thanks to the Holiday Observers for putting on an amazing show for our residents and for organizing all the old-fashioned games for our kids during the day.

Despite having to postpone four of our Crestwood events, we had hundreds of Allendale residents gather for our very own Mid-Life Crisis band. Check out the schedule for the rest of the year, we have quite a lineup.

It is that time of year again when our homes are getting assessed. We have a rolling annual assessment program in Allendale where every house in Allendale is assessed yearly which is the most efficient and fair way for collecting taxes. Some will have the full assessment and some a re-assessment depending on where you are in the cycle, but all are assessed. Please see a more in-depth explanation of this in this newsletter. Please note the breakdown of where your tax dollar goes.

We have been getting lots of inquiries about the spotted lantern fly. We were recently given traps by the county for the Borough parks to slow the growth of these invasive pests. We will keep you informed if any of these become available to residents. We do not have plans to use insecticide spray on public or private property at this time. We also recently applied for a grant from the NJ Department of Agriculture to assist in funding for a treatment program. Please see more info on this in this newsletter.

We are just getting ready to go to bid for the Borough's Community Center which will be attached to the front of the units as the facade of the building. We look forward to getting this built as soon as we can.

Be on the lookout for another Coffee with the Mayor and Council coming up at the end of the summer or early fall.

Please follow the [Borough](#) and [Mayor Facebook](#) pages and say hi if you see me around town.

Warm regards,

*Amy*

## The XYZ Senior Club of Allendale

The XYZ Senior Club of Allendale, started in 1974, is a lively social club of 70 members, open to all senior residents in Allendale, age 55 and older. Our meetings are held on the first Friday of each month from September to June, upstairs in Borough Hall, at 11:30 AM. Members are also provided with an opportunity for a blood pressure reading and health assessment by the Bergen County nurses, before each meeting at 11 AM.

The Group enjoys a wide variety of activities. Along with refreshments at each meeting there are guest speakers, special luncheons, games, movies and day trips by bus to places of interest chosen by the members.

Membership for the year is \$15 and we welcome new members!

# Understanding Your Tax Bill & Reassessment

Property tax is a tax based on the value of the property. Therefore, the market value of property is the standard that is used to determine one's taxes. Reassessment ensures that all property owners pay their fair share of taxes based on the actual true market value of the property they own.

Allendale has an annual reassessment program to ensure all values are current.

Every house in Allendale is assessed *every year*. Approximately every 4<sup>th</sup> year, depending on where you are in the cycle, your home will have a full inspection where an assessor will ask to enter your home to verify the data on your property records card.

An annual assessment process is the most efficient way to keep the values current and fair for everyone. For example, if someone's assessment is at 90% of assessed value and another at 100%, the house at only 90% would be paying taxes at a rate that is 10% below the market value.

If the assessed values rise, the total tax base becomes higher and the new tax (amount needed to run the Borough and the schools) is calculated from this new base. Depending on the tax rate and your assessment, your property taxes can either increase or decrease. The goal is to make it fair and evenly distributed among the municipality. The Borough only taxes on what is needed to run the Borough, no more or less.

**See the summary below of the over/under of the last 2 years of assessments:**

## 2022 TY

- 72% decrease
- 4% neutral
- 26% increase

## 2023 TY

- 58% decrease
- 17% neutral
- 25% increase

Your tax bill is made up of the following 3 components:

- 25 % Municipal
- 65 % Schools-K through 8<sup>th</sup> grade and high school
- 10 % County

The best way to calculate your total annual taxes is by taking your NEW ASSESSMENT that you received in the mail and multiplying it by the \*estimated tax rate of 2.208%. If you compare this to last year's rates, you can calculate any change from last year. <https://njaag.com/allendale>

- The tax rate for the municipal portion only is .539, a decrease of .033.
- The tax rate including all 3 components is \*estimated at 2.208%

*\*This is estimated because the county's new tax rate has not yet been set.*

*The Finance Committee works with the Borough's department heads and advisors, with input from the Finance Advisory Committee, to be fiscally prudent and to keep the municipal tax rate down while maintaining surplus so we can endeavor to retain our AAA rating.*

Questions: Please call the Tax Assessor, Angela Mattiace, at Borough Hall: (201) 818-4400 X 210. If you're inquiring about your tax bill - only - please call the Tax Collector, Gina Wittmaack, at Borough Hall: (201) 818-4400 X 206

## TIPS FOR STAYING HEALTHY ON THE ROAD THIS SUMMER!

Its summer and many families take to the road! Whether you are flying, driving, exploring, or relaxing, the "word" on healthy traveling is all about prevention and preparation. Use these handy tips to keep you and your loved ones as healthy as possible this summer!

1. Prevent tummy troubles by drinking clean water and if you are in a developing country, skip the ice and avoid blended beverages.
2. Keep enough sleep
3. Stay fit by getting regular exercise.
4. Carry and use hand sanitizer, sanitize your hands after using doorknobs, touch screens and any other high-touch areas.
5. Carry Disinfectant wipes and wipe down train/bus/airline armrests and tray tables.
6. Pack a travel medical kit and include: Painkiller/Fever reducers, Antihistamine/anti-allergy medication, antibiotic ointment, antacids, motion sickness medicine, bandages of assorted sizes, tweezers, thermometer, insect repellent, medicine for diarrhea, antiseptic wipes.

Allendale Volunteer Ambulance Corps is here to serve you and your family. But...The safety of you and your family are our #1 concern. Call us today at 201-587-4008 to find out how YOU can become a part of our team! Training is free and classes begin September...Helping others is rewarding!

Have a wonderful and safe vacation!

## MEMORIAL PARK

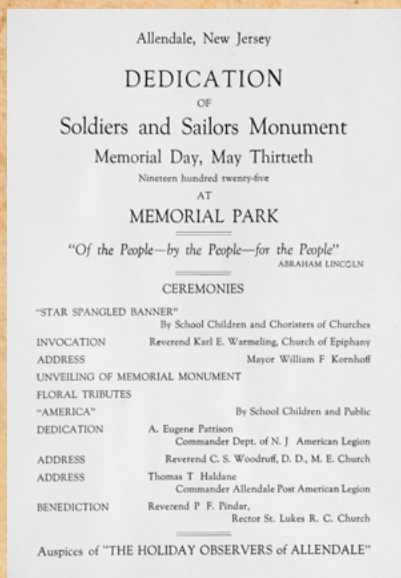

The Allendale Memorial Committee met in October 1919 to decide on a design for the monument dedicated to the memory of the Allendale sailors and soldiers who fell in the Great War. Located at the corner of Park Avenue and Brookside Avenue, the Soldiers and Sailors Monument at Memorial Park was dedicated on Memorial Day, May 30, 1925. William Copeland of Suffern was awarded the contract by the Allendale Borough Council to place the stone memorial. The Holiday Observers coordinated the event.

As of 2020, three plaques on the monument at Memorial Park list the names of Allendale residents who made the supreme sacrifice for their country. They are, from World War I (1917–1919): Harold Cook Ackerson, Marshall Harley Couch, James Robert Hubbard, John Raymond McDermott, Gustave William Nadler, Charles Larrett Nidd, Edward Sherrard Nidd, and Harry Otto Weimer; from World War II (1941–1945): David L.

Ceely, John J. Fox, Edward J. Hamilton, Eugene A. Ivers, Bruce S. MacIntyre, John A. Sawyer, Harold W. Scott Jr., and Charles A. Yeomans; and from Vietnam (1969): Rocco J. DeMercurio. On June 2, 1983, Memorial Drive was renamed DeMercurio Drive in his honor. Many of Allendale's streets are named after these heroes.

# SPOTTER LANTERNFLY INFORMATION

Source: NJ Dept. of Agriculture

Spotted Lanternfly (SLF), *Lycorma delicatula*, is an invasive planthopper native to China, India, and Vietnam; it is also established in South Korea, Japan and the U.S. It was first discovered in the U.S. in Pennsylvania in Berks County in 2014 and has spread to other counties in PA, as well as the states of New Jersey, Delaware, Maryland, Virginia, West Virginia, New York, Connecticut and Ohio.

This insect has the potential to greatly impact agricultural crops and hardwood trees. SLF feeds on the plant sap of many different plants including grapevines, maples, black walnut, and other important plants in NJ. While it does not harm humans or animals, it can reduce the quality of life for people living in heavily infested areas.

## WHY YOU SHOULD CARE

SLF is a serious invasive pest with a healthy appetite for our plants and it can be a significant nuisance, affecting the quality of life and enjoyment of the outdoors. The spotted lanternfly uses its piercing-sucking mouthpart to feed on sap from over 70 different plant species. It has a strong preference for economically important plants and the feeding damage significantly stresses the plants which can lead to decreased health and potentially death.

As SLF feeds, the insect excretes honeydew (a sugary substance) which can attract bees, wasps, and other insects. The honeydew also builds up and promotes the growth for sooty mold (fungi), which can cover the plant, forest understories, patio furniture, cars, and anything else found below SLF feeding.

If you see a Spotted Lanternfly, help us Stomp it Out!
